Communication for Superior Business Unit Leaders & Corporate Employees

Excluding “NAM”

On December 18, 2019 Superior Energy Services, Inc. (Superior) announced that it entered into a definitive agreement to divest its U.S. service rig, coiled tubing, wireline, pressure control, flowback, fluid management and accommodations service lines (the “Superior Energy U.S. Business”) and combine them with Forbes Energy Services Ltd.’s (“Forbes”) complimentary service lines to create a new, publicly traded consolidation platform for U.S. completion, production and water solutions.

The Superior Energy U.S. Business includes Complete Energy Services, Inc. (Complete Energy Services) SPN Well Services, Inc. (SPN Well Services), Warrior Energy Services Corporation (Warrior) and H.B. Rentals L.C.’s (HB Rentals) operations in the U.S., Mexico and Trinidad only. - Reducing Superior’s debt and extending its debt maturity;
- Forming Newco to provide a consolidation platform for U.S. completion and production services that will benefit from value created by expected synergies; and
- Retaining a significant ownership position in Newco.

The combination of businesses is expected to be completed during the first quarter of 2020, subject to the satisfaction of certain closing conditions. All statements in this communication (and oral statements made regarding the subjects of this communication) other than historical facts are forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements rely on a number of assumptions concerning future events and are subject to a number of uncertainties and factors, many of which are outside the control of Superior, Forbes and Newco, which could cause actual results to differ materially from such statements. Forward-looking information includes, but is not limited to: statements regarding the expected benefits of the proposed transaction; the anticipated completion of the proposed transaction and the timing thereof; the expected future results of operations and growth of Superior and Newco; and plans and objectives of management for future operations of Superior and Newco.

While Superior believes that the assumptions concerning future events are reasonable, it cautions that there are inherent difficulties in predicting certain important factors that could impact the future performance or results of its and Newco's business. Among the factors that could cause results to differ materially from those indicated by such forward-looking statements are: the failure to realize the anticipated costs savings, synergies and other benefits of the transaction; the possible diversion of management time on transaction-related issues; the risk that the requisite approvals to complete the transaction are not obtained or other closing conditions are not satisfied; local, regional and national economic conditions and the impact they may have on Superior, Forbes, Newco and their customers; conditions in the oil and gas industry, especially oil and natural gas prices and capital expenditures by oil and gas companies; the debt obligations of Superior and Newco following the transaction and the potential effect of limiting Superior's and/or Newco's ability to fund future growth and operations and increasing their respective exposure to risk during adverse economic conditions; the financial condition of Superior's and Newco's customers; any non-performance by customers of their contractual obligations; changes in customer, employee or supplier relationships resulting from the transaction; changes in safety, health, environmental and other regulations; the results of any reviews, investigations or other proceedings by government authorities; and the potential additional costs relating to any reviews, investigations or other proceedings by government authorities or shareholder actions.

These forward-looking statements are also affected by the risk factors, forward-looking statements and challenges and uncertainties described in Superior's Annual Report on Form 10-K for the year ended December 31, 2018, and those set forth from time to time in Superior's filings with the Securities and Exchange Commission (the "SEC"), which are available at www.superiorenergy.com. Except as required by law, Superior expressly disclaims any intention or obligation to revise or update any forward-looking statements whether as a result of new information, future events or otherwise.

No Offer or Solicitation

This communication is not intended to and does not constitute an offer to sell or the solicitation of an offer to subscribe for or buy or an invitation to purchase or subscribe for any securities or the solicitation of any vote in any jurisdiction pursuant to the proposed transaction or otherwise, nor shall there be any sale, issuance or transfer of securities in any jurisdiction in contravention of applicable law. Subject to certain exceptions to be approved by the relevant regulators or certain facts to be ascertained, the public offer will not be made directly or indirectly, in or into any jurisdiction where to do so would constitute a violation of the laws of such jurisdiction, or by use of the mails or by any means or instrumentality (including without limitation, facsimile transmission, telephone and the internet) of interstate or foreign commerce, or any facility of a national securities exchange, of any such jurisdiction.

Important Additional Information Regarding the Transaction Will Be Filed With the SEC
