RISK FACTORS

Prospective investors should carefully consider the following factors, in addition to other information contained in this Prospectus, regarding an investment in the Common Stock offered hereby.

Industry Volatility. The demand for oil field services has traditionally been cyclical. Demand for the Company's services is significantly affected by the number and age of producing wells and the drilling and completion of new oil and gas wells. These factors are affected in turn by the willingness of oil and gas operators to make capital expenditures for the exploration, development and production of oil and natural gas. The levels of such capital expenditures are influenced by oil and gas prices, the cost of exploring for, producing and delivering oil and gas, the sale and expiration dates of leases in the United States and overseas, the discovery rate of new oil and gas reserves, local and international political and economic conditions and the ability of oil and gas companies to generate capital. Although the production sector of the oil and gas industry is less immediately affected by changing prices, and, therefore, less volatile than the exploration sector, producers would likely react to declining oil and gas prices by reducing expenditures, which could adversely affect the business of the Company. No assurance can be given as to the future price of oil and natural gas or the level of oil and gas industry activity.

Seasonality. The businesses conducted by the Company are subject to seasonal fluctuation. The nature of the offshore oil and gas industry in the Gulf of Mexico is seasonal and depends in part on weather conditions. Purchases of the Company's products and services are also to a substantial extent, deferrable in the event oil and gas companies reduce capital expenditures as a result of conditions existing in the oil and gas industry or general economic downturns. Fluctuations in the Company's revenues and costs may have a material adverse effect on the Company's business and operations. Accordingly, the Company's operating results may vary from quarter to quarter, depending upon factors outside of its control.

Dependence on Oil and Gas Industry; Dependence Upon Significant Customers. The Company's business depends in large part on the conditions of the oil and gas industry, and specifically on the capital expenditures

of the Company's customers. Purchases of the Company's products and services are also, to a substantial extent, deferrable in the event oil and gas companies reduce capital expenditures as a result of conditions existing in the oil and gas industry or general economic downturns. The Company derives a significant amount of its revenues from a small number independent and major oil and gas companies. The inability of the Company to continue to perform services for a number of its large existing customers, if not offset by sales to new or existing customers, could have a material adverse effect on the Company's business and operations.

Technology Risks. Sales of certain of the Company's products are based primarily on its proprietary technology. The Company's success in the sales of these products depends to a significant extent on the development and implementation of new product designs and technologies. Many of the Company's competitors and potential competitors have more significant resources than the Company. While the Company has patents on certain of its technologies and products, there is no assurance that any patents secured by the Company will not be successfully challenged by others or will protect them from the development of similar products by others.

Intense Competition. The Company competes in highly competitive areas of the oil field business. The volatility of oil and gas prices has led to a consolidation of the number of companies providing services similar to the Company. This reduced number of companies competes intensely for available projects. Many of the competitors of the Company are larger and have greater financial and other resources than the Company. Although the Company believes that it competes on the basis of technical expertise and reputation of service, there can be no assurance that the Company will be able to maintain its competitive position.

Potential Liability and Insurance. The operations of the Company involve the use of heavy equipment and exposure to inherent risks, including blowouts, explosions and fire, with attendant significant risks of liability for personal injury and property damage, pollution or other environmental hazards or loss of production. The equipment that the Company sells and rents to customers are also used to combat oil spills. Failure of this equipment could result in property damage, personal injury, environmental pollution and resulting damage. Litigation arising from a catastrophic occurrence at a location where the Company's equipment and services are used may in the future result in large claims. The frequency and severity of such incidents affect the Company's operating costs, insurability and relationships with customers, employees and regulators. Any increase in the frequency or severity of such incidents, or the general level of compensation awards with respect thereto, could affect the ability of the Company to obtain projects from oil and gas operators or insurance and could have a material adverse effect on the Company. In addition, no assurance can be given that the Company will be able to maintain adequate insurance in the future at rates it considers reasonable.

Laws and Regulations. The Company's business is significantly affected by laws and other regulations relating to the oil and gas industry, by changes in such laws and by changing administrative regulations. The Company cannot predict how existing laws and regulations may be interpreted by enforcement agencies or court rulings, whether additional laws and regulations will be adopted, or the effect such changes may have on it, its businesses or financial condition. Federal and state laws require owners of non-producing wells to plug the well and remove all exposed piping and rigging before the well is abandoned. A decrease in the level of enforcement of such laws and regulations in the future would adversely affect the demand for the Company's services and products. Numerous state and federal laws and regulations affect the level of purchasing activity of oil containment boom and consequently the Company's business. There can be no assurance that a decrease in the level of enforcement of laws and regulations in the future would not adversely affect the demand for the Company's products.

Environmental Regulation. The Company believes that its present

operations substantially comply with applicable federal and state pollution control, and environmental protection laws and regulations and that compliance with such laws has had no material adverse effect upon its operations to date. No assurance can be given that environmental laws will not, in the future, materially adversely affect the Company's operations and financial condition.

Shares Eligible for Future Sale. As of the date of this Prospectus, the Company had 18,597,045 shares of Common Stock outstanding, of which 6,174,419 have been registered under the Securities Act and generally are freely transferable, (other than shares acquired by "affiliates" of the Company as such term is defined by Rule 144 under the Securities Act of 1933, as amended (the "Securities Act")). None of the 12,422,626 remaining shares of Common Stock issued by the Company were acquired in transactions registered under the Securities Act and, accordingly, such shares may not be sold except in transactions registered under the Securities Act or pursuant to an exemption from registration. Approximately 520,000 shares of Common Stock are eligible for sale in reliance upon exemptions from registration. The Company is unable to estimate the number of shares that will be sold since this will depend on the market price for the Common Stock, the personal circumstances of the sellers and other factors. Any future sale of substantial amounts of Common Stock in the open market may adversely effect the market price of the Common Stock offered hereby.

Concentration of Common Stock Ownership. The Company's directors and executive officers and certain of their affiliates beneficially own 55.5% of the outstanding shares of Common Stock. Accordingly, these shareholders will have the ability to control the election of the Company's directors and the outcome of most other matters submitted to a vote of the Company's shareholders.

Possible Volatility of Securities Prices. The market price of the Common Stock has in the past been, and may in the future continue to be, volatile. A variety of events, including quarter to quarter variations in operating results, news announcements or the introduction of new products by the Company or its competitors, as well as market conditions in the oil and gas industry, or changes in earnings estimates by securities analysts may cause the market price of the Common Stock to fluctuate significantly. In addition, the stock market in recent years has experienced significant price and volume fluctuations which have particularly affected the market prices of equity securities of many companies that service the oil land gas industry and which often have been unrelated to the operating performance of such companies. These market fluctuations may adversely affect the price of the Common Stock.

No Dividends. The Company's Board of Directors has not paid any dividends on its Common Stock. The Company does not expect to declare or pay any dividends in the foreseeable future.

Potential Adverse Effect of Issuance of Preferred Stock Without Stockholder Approval. The Company's Certificate of Incorporation authorizes the issuance of 5,000,000 shares of preferred stock, \$.01 par value per share, with such designations, rights and preferences as may be determined from time to time by the Board of Directors. Accordingly, the Board of Directors is empowered, without stockholder approval, to issue preferred stock with dividend, liquidation, conversion, voting or other rights which could adversely affect the voting power or other rights of the holders of the Common Stock and, in certain circumstances, depress the market price of the Common Stock. In the event of issuance, the preferred stock could be utilized under certain circumstances as a method of discouraging, delaying or preventing a change in control of the Company. There can be no assurance that the Company will not issue shares of preferred stock in the future. See "Description of Securities."

Key Personnel. The Company depends to a large extent on the abilities and continued participation of the its executive officers and key employees. The loss of the services of any of these persons would have a

material adverse effect on the Company's business and operations.

Forward-Looking Statements

This Prospectus contains certain forward-looking statements concerning the Company's operations, economic performance and financial condition, including in particular, the integration of the Company's recent and pending acquisitions into the Company's existing operations. Such statements are subject to various risks and uncertainties. Actual results could differ materially from those currently anticipated due to a number of factors, including those identified under "Risk Factors" and elsewhere in this Prospectus.

USE OF PROCEEDS

The net proceeds to the Company, if any, from the Offering will be up to \$25.4 million. The Company will use the net proceeds of the Offering, if any, for working capital and other general corporate purposes. There can be no assurance that any of the Class A or Class B Warrants will be exercised before such Warrants expire and, as a result, that the Company will receive any proceeds from this Offering. Even if exercised, the Company cannot predict when the Class A or Class B Warrants will be exercised and the proceeds received.

DIVIDENDS AND PRICE RANGE OF COMMON STOCK

The following table sets forth the high and low closing bid prices per share of the Common Stock as reported by the Nasdaq National Market for each fiscal quarter during the past three calendar years. On November 8, 1996, the last reported sales price of the Common Stock on the Nasdaq National Market was \$3-3/8 per share. At November 8, 1996, there were 65 record holders of the Common Stock.

The Company has never declared or paid any cash dividends on the Common Stock and does not presently intend to pay cash dividends on the Common Stock in the foreseeable future. The Company intends to retain future earnings for reinvestment in its business. In addition, the Company's ability to declare or pay cash dividends is affected by the ability of the Company's present and future subsidiaries to declare and pay dividends or otherwise transfer funds to the Company since the Company conducts its operations entirely through its subsidiaries. Future loan

facilities, if any, obtained by the Company or its subsidiaries may prohibit or restrict the payment of dividends or other distributions by the Company to its stockholders and the payment of dividends or other distributions by the Company's subsidiaries to the Company. Subject to such limitations, the payment of cash dividends on the Common Stock will be within the discretion of the Company's Board of Directors and will depend upon the earnings of the Company, the Company's capital requirements, applicable requirements of the applicable loan and other factors that are considered relevant by the Company's Board of Directors.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Reorganization

For purposes of this discussion, the term "Small's" refers to the Company as of dates and periods prior to the Reorganization and the term "Company" refers to the combined operations of Small's, Oil Stop and Superior after the consummation of the Reorganization.

On December 13, 1995, the Company consummated a share exchange (the "Reorganization") whereby it (i) acquired all of the outstanding capital stock of Superior Well Service, Inc., Connection Technology, Ltd. and Superior Tubular Services, Inc. (collectively "Superior") in exchange for 8,400,000 shares of Common Stock and (ii) acquired all of the outstanding capital stock of Oil Stop, Inc. ("Oil Stop") in exchange for 1,800,000 Common Stock and \$2.0 million cash payable January 2, 1996.

Due to the controlling interest the Superior shareholders have in the Company as a result of the Reorganization, among other things, the Reorganization has been accounted for as a reverse (i.e., a purchase of Small's by Superior) under the "purchase" method of accounting. As such, the Company's financial statements and other financial information now reflect the historical operations of Superior for periods and dates prior to the Reorganization. The net assets of Small's and Oil Stop have been reflected at their estimated fair value pursuant to purchase accounting at the date of the Reorganization. The net assets of Superior are reflected at their historical book values.

Comparison of the Results of Operations for the Six Months ended June 30, 1996 and 1995

Revenues increased 52% for the six months ended June 30, 1996 as compared to the six months ended June 30, 1995. Of this increase, 30% is a result of increased levels of activity and 70% is the result of the acquisitions mentioned above.

Cost of services for the six months ended June 30, 1996 increased 19% over the six months ended June 30, 1995. Of this increase, 26% is as a result of increased levels of activity and 74% is the result of the acquisitions. Depreciation increased \$502,000 in the six months ended June 30, 1996 as compared to the six months ended June 30, 1995. The increase is primarily the result of the acquisitions made by the Company during 1996. General and administrative expenses increased 51% for the six months ended June 30, 1996 over the same period in 1995. Of this increase, 64% is the result of the acquisitions and 36% is the result of increased levels of activity.

For the year ended August 31, 1995, Small's incurred a loss of \$1,586,000 followed by a loss of \$378,000 for the quarter ended November 30, 1995. The Company, in an effort to eliminate these continued losses, entered into a joint venture for its West Texas rental tool and fishing operations on January 15, 1996. As a result of the joint venture, the Company will have no liability for any operating losses that may be incurred by the joint venture. The Company's share of distributions will be \$110,000 a month for the first 24 months and \$80,000 a month for the remaining 36 months of the term of the joint venture.

Comparison of the Results of Operations for the Years Ended December 31, 1995 and December 31, 1994

Revenues increased 6.0%, exclusive of Small's and Oil Stop since the consummation of the Reorganization, for the year ended December 31, 1995 primarily due to increased activity levels during the fourth quarter of 1995. Fourth quarter service revenues were 25.8% of the total year in 1995, as compared to 20.5% in 1994 and 18.7% in 1993.

In 1995, cost of services, exclusive of Small's and Oil Stop, increased 7.8%. This increase is primarily due to the cost of support services required to maintain and support the Company's major customers primarily with engineering services. In 1995 and 1994, selling, general and administrative expenses, exclusive of Small's and Oil Stop, increased 19.6% and 23.6%, respectively. In 1995, 75% of the increase is the result of including a full year of Ace Rental and in 1994, 47% of the increase is a result of including Ace Rental for the six-month period ended December 31, 1994. The remaining increases are related primarily to increases in employee, travel and insurance expenses. Depreciation expense, exclusive of Small's and Oil Stop, increased 43.6% in 1995 and 40.0% in 1994. These increases were a result of additional equipment being placed in service.

For the year ended August 31, 1995, Small's incurred a loss of \$1,586,000 followed by a loss of \$378,000 for the quarter ended November 30, 1995. The Company, in an effort to eliminate these continued losses entered into a joint venture for its West Texas rental tool and fishing operations subsequent to December 31, 1995. As a result of the joint venture, the Company will have no liability for any operating losses that

may be incurred in the joint venture. The Company's share of distributions will be \$110,000 a month for the first 24 months and \$80,000 a month for the remaining 36 months of the term of the joint venture.

At December 31, 1995, the Company elected the early adoption of Statement of Financial Accounting Standards (FAS) No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of. The undiscounted net cash flows from the joint venture were less than the carrying value of the associated fixed assets and associated goodwill indicating that an impairment had taken place. This resulted in the Company recognizing a non-cash charge for the impairment of long-lived assets of \$4,042,000, consisting of a write-off of goodwill of \$3,520,000 associated with the acquisition of Small's and a write off of \$522,000 of property, plant and equipment.

On December 13, 1995, simultaneous with the consummation of the Reorganization, the Company completed a public offering of 1,500,000 Units ("Units"), with each Unit consisting of three shares of the Company's common stock and three Class B redeemable Common Stock Purchase Warrants. On December 27, 1995, the Company sold an additional 225,000 Units. The offering, after the underwriting discount, non-accountable expenses and all other offering related expenses, provided the Company with approximately \$9.3 million. The Company used the net proceeds provided by the offerings to repay a majority of Small's existing bank debt, fund the cash portion of the purchase price of Oil Stop and provide additional working capital for operations.

Capital Resources and Liquidity

Net cash provided by operating activities was \$415,000 for the six months ended June 30, 1996. This is a decrease of \$261,000 as compared to the six months ended June 30, 1995. This is primarily the result of a \$1.6 million reduction in the Company's accounts payable. Of the \$1.6 million, \$1.2 million is a result of a permanent reduction of Small's remaining obligations.

The Company's working capital position improved to \$2,796,000 at June 30, 1996 as compared to \$976,000 at December 31, 1995. This was primarily the result of a \$2,000,000 final payment made in connection with the acquisition of all the capital stock of Oil Stop as well as a reduction of debt of approximately \$1.2 million. The Company's current ratio also improved from 1.10 at December 31, 1995 to 1.56 at June 30, 1996.

The Company, in connection with the joint venture for its West Texas fishing and rental tool operations, sold land for \$300,000. During the first six months of 1996 it also sold various equipment for approximately \$57,000. Both these sales resulted in no gain or loss. In the first six months of 1996, the Company purchased approximately \$572,000 of machinery and equipment. These purchases were funded primarily from cash generated from operations.

On July 31, 1996, the company consummated its purchase of Baytron, Inc. for \$1,100,000 of cash and 550,000 Common Stock. The cash portion of the purchase was made with available funds.

On September 16, 1996, Superior acquired Dimensional through the merger of Dimensional with and into a wholly-owned subsidiary of the Company. Shareholders of Dimensional received an aggregate of 1,000,000 shares of Common Stock, \$1.5 million cash and \$1 million principal amount of promissory notes.

The Company maintains a revolving credit facility which was increased in June 1996 from \$1.4 million to \$4.0 million. As of June 30, 1996, there were no amounts outstanding under this facility. The Company believes that its available funds, together with cash generated from operations and available borrowing capacity should be sufficient to support the Company's strategic and capital spending initiatives.

Prior to the consummation of the Reorganization, Superior was a privately-held company that distributed substantially all of its earnings to its shareholders. As part of the Reorganization, Small's agreed that all sub-chapter S earnings prior to January 1, 1995, not previously distributed would be distributed to Superior shareholders in the form of a note. Accordingly, during 1995 \$1,091,000 was distributed to the Superior shareholders and the Superior shareholders also received notes having an aggregate principal amount of \$1,374,000 at the closing of the Reorganization. As a result of Superior's transition to public ownership as part of the Reorganization, these payments and distributions will not occur in future reporting periods.

Inflation has not had a significant effect on the Company's financial conditions or operations in recent years.

Accounting Standard Issued but not Adopted

In October 1995, Statement of Financial Accounting Standards (FAS) No. 123, Accounting for Stock-Based Compensation, was issued. FAS No. 123 encourages a fair value based method of accounting for the compensation costs associated with employee stock option and similar plans. However, it also permits the continued use of the intrinsic value based method prescribed by the Accounting Principles Board's Opinion No. 25 (Opinion No. 25), Accounting for Stock Issued to Employees. If the accounting prescribed by Opinion No. 25 is continued, then pro forma disclosure of net income and earnings per share must be presented as if the method of accounting defined in FAS No. 123 had been applied in both 1995 and 1996. FAS No. 123 is effective for the Company's 1996 fiscal year, though it may be adopted earlier.

The Company has elected to continue to apply the provisions of Opinion No. 25 and will calculate compensation cost prescribed by FAS No. 123 and present pro forma disclosures in 1996. Until such calculations are completed, the Company cannot estimate the impact such will have on the pro forma disclosures.

BUSINESS

General

Superior Energy Services, Inc. (the "Company"), through its subsidiaries, provides an integrated range of specialized oilfield services in the Gulf of Mexico including oil and gas well plug and abandonment, wireline and workover services, the manufacture, sale and rental of specialized oil well equipment and fishing tools, the development, manufacture, sale and rental of oil and gas drilling instrumentation and computerized rig data acquisition systems, and the development, manufacture and sale of oil spill containment booms and ancillary equipment.

On December 13, 1995, the Company consummated a share exchange (the "Reorganization") whereby it: (i) acquired all of the outstanding capital stock of Superior Well Service, Inc., Connection Technology, Ltd., Superior Tubular Services, Inc. and Ace Rental Tools, Inc. (collectively, "Superior") in exchange for 8,400,000 shares of Common Stock and (ii) acquired all of the outstanding capital stock of Oil Stop, Inc. ("Oil Stop") in exchange for 1,800,000 shares of Common Stock and \$2.0 million cash payable on January 2, 1996.

As a result of the controlling interest the Superior shareholders have in the Company as a result of the Reorganization, the Reorganization has been accounted for as a reverse acquisition (i.e., a purchase of the Company by Superior) under the "purchase" method of accounting. Accordingly, the Company's financial statements and other financial information reflect the historical operations of Superior for periods and dates prior to the Reorganization. The Company's and Oil Stop's net assets at the time of the Reorganization have been reflected at their estimated fair value pursuant to purchase accounting at the date of the

Reorganization. The net assets of Superior are reflected at their historical book values.

Business

The Company provides plugging and abandonment and wireline services to oil and gas companies operating primarily in the Gulf of Mexico. When a well ceases producing oil and gas the owner is required by state and/or federal law to plug the well and remove all exposed piping and rigging. In order to plug the well, concrete is pumped into the well to form plugs that prevent debris, gas, oil or other material from escaping and contaminating the surrounding environment.

Superior provides services and specialized equipment for plugging and abandonment jobs, as well as for non-plugging and abandonment jobs such as logging and pipe recovery. Wireline service personnel are cross-trained to work (i) plugging and abandonment jobs and (ii) perform wireline services in connection with remedial activities.

The Company designs, manufactures and sells worldwide specialized computerized electronic torque and pressure control equipment used in connection with drilling and workover operations, as well as the manufacture of oil field tubular goods. The torque control equipment monitors the relationship between size, weight, grade, rate of makeup, torque and penetration of tubular goods to ensure a leak-free connection within the pipe manufacturer's specification. The electronic pressure control equipment monitors and documents internal and external pressure testing of tubular goods connections. The Company's patented thread protectors are used during drilling and workover operations to protect the pin end of tubular goods while being transported from the pipe rack to the drill floor.

The Company manufactures, through third-party manufacturers, and sells oil spill containment inflatable boom and ancillary storage/deployment/retrieval equipment. The Company's inflatable boom utilizes continuous single-point inflation technology with air feeder sleeves in combination with mechanical check valves to permit continuous inflation of the boom material. The Company sells, rents and licenses oil spill containment technology to domestic and foreign oil companies, oil spill response companies and cooperatives, the United States Coast Guard and to foreign governments and their agencies.

The Company rents specialized equipment onshore and offshore in oil and gas well drilling and other specialized rental equipment and fishing tools used in well work-over, completion and production activities. In connection with the rental of certain specialized equipment, such as fishing tools, the Company generally provides to the customer an operator who supervises the operations of the rental equipment on the well site. The Company's rental items include, in addition to the above, bits, gauges, hoses, pumps, spools and tubing which are supplied as equipment only. In January 1996, the Company entered into a joint venture with G&L Tool Company in which it contributed assets in West Texas to the joint venture.

Potential Liability and Insurance

The Company's operations involve a high degree of operational risk, particularly of personal injuries and damage to equipment. The Company maintains insurance against risks that are consistent with industry standards and required by its customers. Although management believes that the Company's insurance protection is adequate, and that the Company has not experienced a loss in excess of policy limits, there can be no assurance that the Company will be able to maintain adequate insurance at rates which management considers commercially reasonable, nor can there be any assurance such coverage will be adequate to cover all claims that may arise.

Laws, Regulations and Environmental Matters

The Company's operations are affected by governmental regulations in the form of federal and state laws and regulations, as well as private industry organizations. In addition, the Company depends on the demand for its services from the oil and gas industry and, therefore, is affected by changing taxes and other laws and regulations relating to the oil and gas industry generally.

The exploration and development of oil and gas properties located on the outer continental shelf of the United States is regulated primarily by the Minerals Management Service of the United States Department of the Interior (the "MMS"). The MMS has promulgated federal regulations governing the plugging and abandonment of wells located offshore and the removal of all production facilities. The Company believes that its operations are in material compliance with these and all other regulations affecting the conduct of its business on the outer continental shelf of the United States.

The Company's operations are also affected by numerous federal, state and local environmental protection laws and regulations. The technical requirements of these laws and regulations are becoming increasingly expensive, complex and stringent. These laws may provide for strict liability for damages to natural resources or threats to public health and safety. Sanctions for noncompliance may include revocation of permits, corrective action orders, administrative or civil penalties and criminal prosecution. Certain environmental laws provide for joint and several strict liabilities for remediation of spills and releases of hazardous substances. In addition, companies may be subject to claims alleging personal injury or property damage as a result of alleged exposure to hazardous substances. The Company's compliance with these laws and regulations has entailed certain additional expenses and changes in operating procedures. The Company believes the compliance with these laws and regulations will not have a material adverse effect on the Company's business or financial condition.

Competition and Customers

The Company operates in highly competitive markets and, as a result, its revenue and earnings can be affected by competitive action such as price changes, new product developments, or improved availability and delivery. Competition in both services and products is based on a combination of price, service (including the ability to deliver services and products on a "as needed, where needed" basis), product quality and technical proficiency. The Company's competition includes small, single location companies, large companies with multiple operating locations and extensive inventories and subsidiaries of large companies having significant financial resources. The Company believes it competes based upon its technical capabilities, experience and personnel. Customers which accounted for 10% or more of the Company's revenue for the years ended December 31, 1995 and 1994 were as follows:

	1995	1994
Chevron USA	23.7%	16.8%
Conoco, Inc.	16.4%	18.8%

Employees

As of October 31, 1996, the Company had approximately 188 employees. None of the Company's employees is represented by a union or covered by a collective bargaining agreement. The Company believes that its relations with its employees is good.

DESCRIPTION OF CAPITAL STOCK

The authorized capital stock of Superior consists of 40 million shares of common stock, \$.001 par value per share (the "Common Stock"), and 5 million shares of preferred stock, \$.01 par value per share, issuable in series (the "Preferred Stock"). As of October 31, 1996, 18,597,045 shares of Common Stock were outstanding and held of record by approximately 65 persons, and no shares of Preferred Stock were outstanding. The following description of the capital stock and other security of Superior is qualified in its entirety by reference to Superior's Certificate of Incorporation (the "Certificate"), Bylaws and other documents evidencing the warrants, copies of which are filed as exhibits to the registration statement of which this Prospectus forms a part.

Common Stock

Each holder of Common Stock is entitled to one vote for each share of Common Stock held of record on all matters on which stockholders are entitled to vote; stockholders may not cumulate votes for the election of

directors. Subject to the preferences accorded to the holders of the Preferred Stock, if and when issued by the Board of Directors, holders of Common Stock are entitled to dividends at such times and in such amounts as the Board of Directors may determine. Superior has never paid cash dividends on its Common Stock and does not intend to pay dividends for the foreseeable future. See "Risk Factors - Dividend Policy." Upon the dissolution, liquidation or winding up of Superior, after payment of debts and expenses and payment of the liquidation preference plus any accrued dividends on any outstanding shares of Preferred Stock, the holders of Common Stock will be entitled to receive all remaining assets of Superior ratably in proportion to the number of shares held by them. Holders of shares of Common Stock have no preemptive, subscription, conversion or redemption rights and are not subject to further calls or assessments, or rights of redemption by Superior. The outstanding shares of Common Stock are, and the shares of Common Stock being sold in the Offering will be, validly issued, fully paid and nonassessable.

Preferred Stock

Superior's Board of Directors has the authority, without approval of the stockholders, to issue shares of Preferred Stock in one or more series and to fix the number of shares and rights, preferences and limitations of each series. Among the specific matters that may be determined by the Board of Directors are the dividend rights, the redemption price, if any, the terms of a sinking fund, if any, the amount payable in the event of any voluntary liquidation, dissolution or winding up of the affairs of Superior, conversion rights, if any, and voting powers, if any.

One of the effects of the existence of authorized but unissued Common Stock and undesignated Preferred Stock may be to enable the Board of Directors to make more difficult or to discourage an attempt to obtain control of Superior by means of a merger, tender offer, proxy contest or otherwise, and thereby to protect the continuity of Superior's management. If, in the exercise of its fiduciary obligations, the Board of Directors were to determine that a takeover proposal was not in Superior's best interest, such shares could be issued by the Board of Directors without stockholder approval in one or more transactions that might prevent or make more difficult or costly the completion of the takeover transaction by diluting the voting or other rights of the proposed acquiror or insurgent stockholder group, by creating a substantial voting block in institutional or other hands that might undertake to support the position of the incumbent Board of Directors, by effecting an acquisition that might complicate or preclude the takeover, or otherwise. In this regard, Superior's Certificate grants the Board of Directors broad power to establish the rights and preferences of the authorized and unissued Preferred Stock, one or more series of which could be issued entitling holders (i) to vote separately as a class on any proposed merger or consolidation, (ii) to cast a proportionately larger vote together with the Common Stock on any such transaction or for all purposes, (iii) to elect directors having terms of office or voting rights greater than those of other directors, (iv) to convert Preferred Stock into a greater number of shares of Common Stock or other securities, (v) to demand redemption at a specified price under prescribed circumstances related to a change of control or (vi) to exercise other rights designated to impede a takeover. The issuance of shares of Preferred Stock pursuant to the Board of Directors' authority described above may adversely effect the rights of holders of the Common Stock.

In addition, certain other charter provisions that are described below may have the effect of either alone, in combination with each other or with the existence of authorized but unissued capital stock of making more difficult or discouraging an acquisition of Superior deemed undesirable by the Board of Directors.

Class B Warrants

The Class B Warrants entitle the holder thereof to purchase one share of Common Stock for \$3.60, subject to adjustments in certain circumstances,

during the four-year period commencing December 8, 1996. The Company may call the Class B Warrants for redemption, in whole and not in part, at a price of \$.01 per Class B Warrant at any time after they become exercisable on not less than 30 days' prior written notice to the Class B Warrant holders if the last sales price of the Common Stock has been at least 150% (initially \$5.40) of the then current exercise price of the Class B Warrants per Common Stock for the 20 consecutive days ending on the third day prior to the date on which notice of redemption is given. The holders will have the right to exercise the Class B Warrants until the close of business on the date fixed for redemption.

The Class B Warrants are issued in registered form under a warrant agreement, between the Company and American Stock Transfer & Trust Company, as Warrant Agent ("Warrant Agreement"). Reference is made to the Warrant Agreement (which has been filed as an exhibit to the Registration Statement of which this Prospectus is a part) for a complete description of the terms and conditions applicable to the Class B Warrants (the description herein contained being qualified in its entirety by reference to such Warrant Agreement).

The exercise price, number of Common Stock issuable on exercise of the Class B Warrants and the redemption price are subject to adjustment in certain circumstances, including a stock dividend, recapitalization, reorganization, merger or consolidation of the Company. However, the Class B Warrants are not subject to adjustment for issuance of Common Stock at a price below the exercise price of the Class B Warrants.

The Class B Warrants will be exercisable commencing December 8, 1996 if at the time of exercise there is a current prospectus covering the Common Stock issuable upon exercise of such Class B Warrants under an effective registration statement filed with the Securities and Exchange Commission and such Common Stock have been qualified for sale or are exempt from qualification or the registration requirements under the securities laws of the state of residence of the holder of such Class B Warrants. Although the Company has committed to have all Common Stock so qualified for sale in those states and to maintain a current prospectus thereto until the expiration of the Class B Warrants, subject to the terms of the Warrant Agreement, there can be no assurance that it will be able to do so.

The Class B Warrants may be exercised upon the surrender of the Class B Warrant certificate on or prior to the expiration date at the offices of the warrant agent, with the exercise form on the reverse side of the Class B Warrant certificate completed and executed as indicated, accompanied by full payment of the exercise price for the number of Class B Warrants. The holders do not have the rights or privileges of holders of Common Stock prior to the exercise of the Class B Warrants.

No fractional Common Stock will be issued upon exercise of the Class B Warrants. However, if a warrant holder exercises all Class B Warrants then owned of record by him, the Company will pay to such warrant holder, in lieu of the issuance of any fractional Common Stock which is otherwise issuable to such warrant holder, an amount based on the market value of the Common Stock on the last trading day prior to the date of exercise.

Class A Warrants

Each Class A Warrant entitles the registered holder thereof to purchase one share of Common Share at an exercise price of \$6.00 per share, subject to adjustment, until July 6, 1997. The Class A Warrants were issued in registered form pursuant to the terms of a warrant agreement (the "Class A Warrant Agreement"). Reference is made to the Class A Warrant Agreement (which has been filed as an exhibit to the Registration Statement of which this Prospectus is a part) for a complete description of the terms and conditions applicable to the Class A Warrants (the description herein contained being qualified in its entirety by reference to the Class A Warrant Agreement).

The Company may call the Class A Warrants for redemption, in whole or

in part, at a price of \$.01 per warrant, at any time with the consent of Gaines, Berland Inc., upon not less 30 days' prior written notice to the holders, if the last sale price of the Common Stock has been at least \$9.00 per share (150% of the then effective exercise price) for the 20 consecutive trading days ending on the third day prior to the date on which the notice of redemption is given. The holders will have the right to exercise the Class A Warrants until the close of business on the date fixed for redemption.

The exercise price, number of Common Stock issuable on exercise of the Class A Warrants and redemption price are subject to adjustment in certain circumstances, including in the event of a stock dividend, recapitalization, reorganization, merger or consolidation of the Company. However, the Class A Warrants are not subject to adjustment for issuances of Common Stock at prices below their exercise price.

Limitation of Liability and Indemnification Matters

The Company's Certificate of Incorporation provides that directors of the Company shall not be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the directors' duty of loyalty to the Company or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the Delaware General Corporation Law ("DGCL") relating to prohibited dividends or distributions or the repurchase or redemption of stock, or (iv) for any transaction from which the director derives an improper personal benefit. The provision does not apply to claims against directors for violations of certain laws, including federal securities laws. If the DGCL is amended to authorize further elimination or limitation of directors' liability, then the liability of directors of the Company shall automatically be limited to the fullest extent provided by law. The Certificate of Incorporation and the Bylaws of the Company also contain provisions to indemnify the directors, officers, employees or other agents to the fullest extent permitted by the DGCL. These provisions may have the practical effect in certain cases of eliminating the ability of stockholders to collect monetary damages from directors. The Company believes that these provisions in the Certificate of Incorporation and Bylaws of the Company are necessary to attract and retain qualified persons as directors and officers.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended (the "Securities Act"), may be permitted to directors, officers and controlling persons of the Company pursuant to the foregoing provisions, or otherwise, the Company has been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Certain Charter and Bylaw Provisions

Size of the Board of Directors; Removal of Directors; Filling of Vacancies on the Board of Directors. The Company's Bylaws provide that the number of directors shall be fixed by the Board of Directors but shall not be less than three nor more than eleven. The Company's Bylaws also provide that a newly created directorship resulting from an increase in the number of directors and any vacancies on the Board of Directors resulting from death, resignation, removal or other cause may be filled by the affirmative of the majority of the remaining directors then in office, although less than a quorum, or by a sole remaining director. In addition, these provisions specify that directors elected to fill a vacancy or a newly created directorship on the Board of Directors will serve until the next annual meeting of stockholders and until their successors are elected and qualified, or until their earlier resignation or removal.

Stockholder Action by Written Consent. Under Delaware law and under the Company's Bylaws, unless the certificate of incorporation specifies otherwise, any action that could be taken by stockholders at an annual or

special meeting may be taken, instead, without a meeting and without notice to or a vote of other stockholders if a consent in writing is signed by holders of outstanding stock having voting power that would be sufficient to take such action at a meeting at which all outstanding shares were present and voted. As a result, stockholders may act upon any matter by a duly called meeting or by written consent.

Amendment of the Bylaws. Under Delaware law, the power to adopt, amend or repeal bylaws is conferred upon the stockholders; however, a corporation may in its certificate of incorporation also confer upon the board of directors the power to adopt, amend or repeal its bylaws. The Company's Certificate and Bylaws grant the Board of Directors the power to adopt, amend and repeal the Bylaws.

Special Meetings of the Stockholders. The Company's Bylaws permit the directors to call special meeting of the stockholders. The Bylaws do not permit stockholders to call special meetings.

Delaware Anti-Takeover Statute

The Company is subject to Section 203 of the Delaware General Corporation Law, which prohibits Delaware corporations from engaging in a wide range of specified transactions with any interested stockholder, defined to include, among others, any person other than such corporation and any of its majority-owned subsidiaries who own 15% or more of any class or series of stock entitled to vote generally in the election of directors, unless, among other exceptions, the transaction is approved by (i) the Board of Directors prior to the date the interested stockholder obtained such status, or (ii) the holders of two-thirds of the outstanding shares of each class or series of stock entitled to vote generally in the election of directors, not including those shares owned by the interested stockholder.

The provisions described above may tend to deter any potential unfriendly offers or other efforts to obtain control of the Company that are not approved by the Board of Directors and thereby deprive the stockholders of opportunities to sell shares of Common Stock at prices higher than the prevailing market price. On the other hand, these provisions will tend to assure continuity of management and corporate policies and to induce any person seeking control of the Company or a business combination with the Company to negotiate or terms acceptable to the then elected Board of Directors.

Transfer Agent, Warrant Agent and Exchange Agent

The transfer and warrant agent and registrar for the Company's Common Stock is American Stock Transfer & Trust Company, 40 Wall Street, 46th Floor, New York, New York 10005.

PLAN OF DISTRIBUTION

The Common Stock offered hereby is being offered by the Company exclusively to the holders of the Company's Class A and Class B Warrants. The Company does not have any agreement with any underwriter or other party for the distribution of the Common Stock offered hereby. The Common Stock is being offered by the Company through the Prospectus, and no commissions or other remunerations will be paid to any person for soliciting the exercise of the Class A and Class B Warrants and the sale of the Common Stock.

Certain persons who acquire Common Stock upon exercise of the Class A and Class B Warrants may be deemed to be "issuers" under the Securities Act of 1933, as amended (the "Securities Act") because of their relationship with the Company ("Affiliates") and, therefore, may be required to deliver a copy of this Prospectus, including a Prospectus Supplement, to any person who purchases shares of Common Stock acquired by such Affiliate through exercise of the Class A and/or Class B Warrants ("Restricted Shares"). In addition, any broker or dealer participating in any distribution of the

Restricted Shares may be deemed to be an "underwriter" within the meaning of the Securities Act and, therefore, may be required to deliver a copy of this Prospectus, including a Prospectus Supplement, to any person who purchases any Restricted Shares from or through such broker or dealer.

LEGAL MATTERS

The validity of the Common Stock offered hereby will be passed upon for Superior by Jones, Walker, Waechter, Poitevent, Carrere & Denegre, L.L.P., New Orleans, Louisiana.

Independent Auditors' Report

The Boards of Directors and Shareholders
Superior Energy Services, Inc.:

We have audited the consolidated balance sheets of Superior Energy Services, Inc. and subsidiaries as of December 31, 1995 and 1994, and the related consolidated statements of operations, changes in stockholders' equity and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Superior Energy Services, Inc. and subsidiaries as of December 31, 1995 and 1994, and the results of their operations and their cash flows for each of the years then ended in conformity with generally accepted accounting principles.

As discussed in note 9 to the consolidated financial statements, in 1995 the Company adopted the methods of accounting for the impairment of long-lived assets and assets to be disposed of prescribed by Statement of Financial Accounting Standards No. 121.

SUPERIOR ENERGY SERVICES, INC.
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 1995 and 1994

(1) Reorganization

On December 13, 1995, the Company consummated a share exchange (the "Reorganization") whereby it (i) acquired all of the outstanding capital of Superior Well Service, Inc., Connection Technology, Ltd. and Superior Tubular Services, Inc. (collectively, "Superior") in exchange for 8,400,000 Common Shares and (ii) acquired all of the outstanding capital stock of Oil Stop, Inc. ("Oil Stop") in exchange for 1,800,000 Common Shares and \$2.0 million cash payable on January 2, 1996.

As used in the consolidated financial statements for Superior Energy Services, Inc., the term "Smalls" refers to the Company as of dates and periods prior to the Reorganization and the term "Company" refers to the combined operations of Small's, Oil Stop and Superior after the consummation of the Reorganization. Prior to the Reorganization, Small's was a holding company, the only operating subsidiary of which was Small Fishing and Rental, Inc. which has changed its name to Superior Fishing & Rental, Inc. ("Superior Fishing").

As a result of the controlling interest the Superior shareholders have in the Company as a result of the Reorganization, among other factors, the Reorganization has been accounted for as a reverse acquisition (i.e., a purchase of Small's by Superior) under the "purchase" method of accounting. As such, the Company's consolidated financial statements and other financial information reflect the historical operations of Superior for periods and dates prior to the Reorganization. The net assets of Small's and Oil Stop, at the time of the Reorganization, have been reflected at their estimated fair value pursuant to purchase accounting at the date of the Reorganization. The net assets of Superior have been reflected at their historical book values.

On December 13, 1995, simultaneous with the consummation of the Reorganization, the Company completed a public offering of 1,500,000 Units ("Units"), with each Unit consisting of three shares of the Company's common stock and three Class B redeemable Common Stock Purchase Warrants. On December 27, 1995, the Company sold an additional 225,000 Units. The offerings after the underwriting discount, non-accountable expenses and all other offering related expenses provided the Company with approximately \$9.3 million. Expenses associated with the offering were greater than anticipated as a result of professional costs.

Notes to Consolidated Financial Statements

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The consolidated financial statements include the accounts of Superior for the two years presented and those of Small's and Oil Stop from the date of the Reorganization. All significant intercompany accounts and transactions are eliminated in consolidation. The Company's fiscal year ends on December 31. Certain previously reported amounts have been reclassified to conform to the 1995 presentation.

(b) Business

The Company is engaged in the business of providing offshore plugging and abandonment and wireline services, the development, manufacture and sale of electronic torque and pressure control equipment and thread protectors which are used in connection with oil and gas exploration, the development, manufacture and sale of oil spill containment boom and ancillary equipment and the rental of specialized oil well equipment and fishing tools. A majority of the Company's business is conducted with major oil and gas exploration companies. The Company continually evaluates the financial strength of their customers but does not require collateral to support the customer receivables. The Company operated as one segment in 1995 and 1994.

Customers which accounted for 10 percent or more of revenue for the years ended December 31, 1995 and 1994, were as follows:

	1995	1994
Chevron USA	23.7%	16.8%
Conoco Inc.	16.4%	18.8%

(c) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

SUPERIOR ENERGY SERVICES, INC.
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

(d) Property, Plant and Equipment

Property, plant and equipment are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the related lives as follows:

Buildings 30 years
Machinery and equipment 5 to 15 years
Automobiles, trucks, tractors and trailers 2 to 5 years
Furniture and equipment 5 to 7 years

Effective in the fourth quarter of 1995, the Company began assessing the impairment of capitalized costs of long-lived assets in accordance with Statement of Financial Accounting Standards (FAS) No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of. Under this method, the Company assesses its capitalized costs utilizing its current estimate of future revenues and operating expenses. In the event net undiscounted cash flow is less than capitalized costs, an impairment loss is recorded based on estimated fair value, which would consider discounted future net cash flows.

(e) Goodwill

The Company amortizes costs in excess of fair value of net assets of businesses acquired using the straight-line method over a period of 20 years. Recoverability will be reviewed periodically by comparing the undiscounted fair value of cash flows of the assets to which the goodwill applies to the net book value, including goodwill, of assets.

(f) Inventories

Inventories are stated at the lower of average cost or market. The cost of booms and parts are determined principally on the first-in, first-out method.

(g) Cash Equivalents

The Company considers all short-term deposits with a maturity of ninety days or less to be cash equivalents.

(Continued)

SUPERIOR ENERGY SERVICES, INC.
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

(h) Revenue Recognition

The Company recognizes revenues when services are provided and upon the completion of job orders from its customers. Rental income is recognized on a straight-line basis. Unearned income is recorded for lease payments in excess of rental income recognized.

(i) Income Taxes

The Company provides for income taxes in accordance with Statement of Financial Accounting Standards (FAS) No. 109, Accounting for Income Taxes. FAS No. 109 requires an asset and

liability approach for financial accounting and reporting for income taxes. Deferred income taxes reflect the impact of temporary differences between amounts of assets for financial reporting purposes and such amounts as measured by tax laws.

(j) Patents

Patents are amortized using the straight-line method over the term of each patent.

(k) Pro Forma Income Taxes and Earnings per Share

Pro forma income tax expense and net income (loss) as adjusted for income taxes is presented on the Statement of Operations in order to reflect the impact on income taxes as if Superior had been a taxable entity for the entire two years presented. In computing weighted average share outstanding, 8,400,000 shares issued in exchange for Superior's capital stock is assumed to be outstanding as of January 1, 1994. All other common shares issued or sold are included in the weighted average shares outstanding calculation from the date of issuance or sale.

(l) Financial Instruments

The Company's financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable and notes payable. The carrying amount of these financial instruments approximates their fair value.

AND SUBSIDIARIES

Notes to Consolidated Financial Statements

(3) Business Combinations

On December 13, 1995, Small's acquired all of the capital stock of Superior for 8,400,000 Common Shares. Because of the controlling interest that Superior shareholders have in the combined entity, among other factors, the transaction has been accounted as a reverse acquisition which has resulted in the adjustment of the net assets of Small's to its estimated fair value as required by the rules of purchase accounting. The net assets of Superior are reflected at its historical book values. The valuation of Small's net assets is based upon the 1,641,250 Common Shares outstanding prior to the Reorganization at the approximate trading price of \$2.00 at the time of the renegotiation of the Reorganization on August 25, 1995. The purchase price allocated to net assets was \$3,283,000. The revaluation resulted in a substantial reduction in the carrying value of Small's property and equipment. The revaluation reflected excess purchase price of \$3,520,000 over the fair value of tangible assets which was recorded as goodwill. At December 31, 1995, in applying the rules of FAS No. 121 (see Note 9), this goodwill was written off and the property and equipment was written down an additional \$522,000.

On December 13, 1995, the Company also acquired Oil Stop for the sum of \$2.0 million in cash and 1.8 million Common Shares at the approximate trading price of \$2.00 at the time of the renegotiation of the Reorganization on August 25, 1995 for a total purchase price of \$5,600,000. The book values of Oil Stop's assets and liabilities approximated their fair values

under the rules of purchase accounting. The excess purchase price over the fair value of the net assets of Oil Stop at December 13, 1995 of \$4,585,000 was allocated to goodwill to be amortized over 20 years.

Amortization expense was \$10,000 in 1995 and none in 1994. Accumulated amortization expense at December 31, 1995 and 1994 was \$10,000 and none, respectively.

The following unaudited pro forma information presents a summary of consolidated results of operations of Superior, Small's and Oil Stop as if the Reorganization had occurred on January 1, 1994, with pro forma adjustments to give effect to amortization of goodwill, depreciation and certain other adjustments together with related income tax effects (in thousands except per share amounts):

	1995 -----	1994 -----
Net sales	\$ 19,747 =====	\$ 22,041 =====
Net earnings (loss)	\$ (3,880) =====	\$ 808 =====
Earnings (loss) per share	\$ (0.23) =====	\$ 0.05 =====

(Continued)

AND SUBSIDIARIES

Notes to Consolidated Financial Statements

The above pro forma financial information is not necessarily indicative of the results of operations as they would have been had the Reorganization been effected on the assumed date.

(4) Leased Equipment

In April 1993, Oil Stop, Inc. entered into an agreement to lease equipment (boom) to National Response Corporation for the period June 1993 through December 31, 1997. The lease is an operating lease. Equipment was delivered in four stages on separate delivery dates that commenced June 7, 1993 and ended August 15, 1993. The lessee has the option to purchase the equipment at the end of the lease term for \$450,000. Rental payments are as follows (in thousands):

1993	\$ 700
1994	700
1995	1,400
1996	300

Rental income is recognized on a straight-line basis. Unearned income is recorded for lease payments in excess of rental income recognized.

(7) Income Taxes

Prior to the Reorganization on December 13, 1995, the Superior Companies, with the exception of Superior Tubular Services, Inc., which is a sub-chapter C corporation, were sub-chapter S corporations for income tax reporting purposes. Therefore, through December 13, 1995, no provision for federal and state income taxes had been made. In accordance with the terms of the

Reorganization, the sub-chapter S shareholders received a note to be paid in five equal installments during the twelve-month period ended November 1, 1997 for undistributed earnings prior to January 1, 1995 in the amount of \$1,374,000. In addition, they received \$1,091,000 primarily to pay taxes on earnings from January 1, 1995 through December 13, 1995.

Notes to Consolidated Financial Statements

A valuation allowance is provided to reduce the deferred tax assets to a level which, more likely than not, will be realized. The net deferred tax assets reflect management's estimate of the amount which will be realized from future profitability which can be predicted with reasonable certainty.

As of December 31, 1995, the Company has a net operating loss carryforward of approximately \$4.8 million which is available to reduce future Federal taxable income through 2010. The utilization of the net operating loss carryforward is limited to approximately \$200,000 a year and will limit the ultimate utilization of the net operating loss carryforward to approximately \$3.0 million.

A reconciliation between the statutory federal income rate and the Company's effective tax rate on pretax income (loss) for the year ended December 31, 1995 is as follows:

Federal income tax rate	(34.0)%

(8) Joint Venture

Subsequent to year end, on January 15, 1996, the Company entered into a joint venture with the G&L Tool Company ("G&L"), an unrelated party, which extends through January 31, 2001. The Company has contributed assets of Superior Fishing with a book value of approximately \$4.5 million to the joint venture which will be engaged in the business of renting specialized oil well equipment and fishing tools to the oil and gas industry in connection with the drilling, development and production of oil, gas and related hydrocarbons.

Superior Fishing will receive as its share of distributions from operations \$110,000 a month commencing February 1996 through January 1998 and \$80,000 a month for the period February 1998 through January 2001. The Company's share of distributions is personally guaranteed by a principal of G&L. In connection with the joint venture, Superior Fishing also sold G&L land for \$300,000.

The responsibility and authority for establishing policies relating to the strategic direction of the joint venture operations and ensuring that such policies are implemented have been vested in a policy committee consisting of three members, one of which is a Company employee. G&L will be responsible for the maintenance and repair, insurance and licenses and permits for all joint venture assets.

At the end of the joint venture term, G&L will have at its election, the option to purchase all of the Superior Fishing

assets contributed to the joint venture for \$2 million.

(9) Impairment of Long-Lived Assets

The Company has elected the early adoption of Statement of Financial Accounting Standards (FAS) No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of. FAS No. 121 requires that when events or changes in circumstances indicate that carrying amounts of an asset may not be recoverable, there has been an impairment, and the asset should be written down to its fair asset value. In such instances where there is goodwill associated with the asset as a result of a business combination accounted for using the purchase method, the goodwill is eliminated before making any reduction of the carrying amounts of the impaired long lived asset.

Subsequent to year end, the Company, through Superior Fishing, entered into the joint venture described in Note 8. The joint venture involves the utilization of the equipment and tools, buildings, autos and trucks of Superior Fishing. The undiscounted net cash flows from the joint venture were less than the carrying value of the above fixed assets and associated goodwill indicating that an impairment had taken place.

The fair value of the fixed assets was determined by discounting the estimated net cash flows from the joint venture. The result was an impairment charge of \$4,042,000, consisting of a write-off of goodwill of \$3,520,000 associated with the acquisition of Small's and a write-off of \$522,000 of property, plant and equipment.

(10) Stockholders' Equity

Subsequent to year end at a special meeting of stockholders on February 23, 1996, the shareholders approved increasing the authorized number of common stock to 40,000,000. At December 31, 1995, the following were outstanding:

- (a) Class A Warrants issued in connection with the Company's initial public offering, entitling the holders to purchase an aggregate of 1,121,251 Common Shares until July 6, 1997 at an exercise price of \$6.00 per Common Share;
- (b) Class B Warrants issued December 13, 1995 entitling the holder to purchase an aggregate of 4,500,000 Common Shares until December 13, 1999 at an exercise price of \$3.60 per Common Share;
- (c) Warrants entitling the holders thereof to purchase an aggregate of 66,666 Common Shares until January 17, 2000 at an exercise price of \$1.00 per share;
- (d) Options to purchase an aggregate of 75,000 Common Shares at an exercise price of \$3.60 per share;

- (e) Options issued to management of Small's to purchase an aggregate of 150,000 Common Shares at an exercise price of \$4.75 per share;
- (f) Options issued in July 1992 to purchase (a) an aggregate of 210,000 Common Shares until July 6, 1997 at an exercise price of \$3.60 per share and (b) Class A Warrants at an exercise price of \$.07 per warrant, which Class A Warrants entitle the holders thereof to purchase an aggregate of 210,000 Common Shares at a price of \$6.00 per Common Share, and
- (g) Underwriters Unit Purchase Options issued December 13, 1995 entitling the holder to purchase up to 150,000 Units until December 13, 1999 at an exercise price of \$10.40.

In connection with the Reorganization, the Company entered into employment agreements with six executives. Under the employment agreements four executives were granted ten-year options to purchase 150,000 common shares at an exercise price equal to the fair market value of \$2.53 on the date of the grant.

SUPERIOR ENERGY SERVICES, INC.

Notes to Consolidated Financial Statements

Under a Stock Option Plan (1991 Option Plan), approved by Small's stockholders and Board of Directors, the Company may grant to officers, directors, employees, consultants and agents stock options for up to 75,000 shares of the Company's common stock. Stock options are exercisable at the greater of the fair market value of the common shares on the date of grant or \$5.00 and options may not be granted to persons who hold 10% or more of the Company outstanding common shares on the date of a proposed grant. All options expire ten years from the date of grant. None of the stock options under the 1991 Option Plan has been granted.

In October 1995, the shareholders approved the 1995 Stock Incentive Plan (Incentive Plan) to provide long-term incentives to its key employees, including officers and directors who are employees of the Company (Eligible Employees). Under the Incentive Plan, the Company may grant incentive stock options, non-qualified stock options, restricted stock, stock awards or any combination thereof to Eligible Employees for up to 600,000 shares of the Company's Common Stock. The Compensation Committee of the Board of Directors establishes the exercise price of any stock options granted under the Incentive Plan, provided the exercise price may not be less than the fair market value of a common share on the date of grant. Pursuant to employment agreements, four executives in December 1995 were granted ten-year options under the Incentive Plan to purchase 150,000 common shares at an exercise price equal to the fair market value of \$2.53 on the date of grant. The options will vest and be exercisable six months from grant.

In October 1995, Statement of Financial Accounting Standards (FAS) No. 123, Accounting for Stock-Based Compensation, was issued. FAS No. 123 encourages a fair value based method of accounting for the compensation costs associated with employee

stock option and similar plans. However, it also permits the continued use of the intrinsic value based method prescribed by the Accounting Principles Board's Opinion No. 25 (Opinion No. 25), "Accounting for Stock Issued to Employees." If the accounting prescribed by Opinion No. 25 is continued, then pro forma disclosure of net income and earnings per share must be presented as if the method of accounting defined in FAS No. 123 had been applied in both 1995 and 1996. FAS No. 123 is effective for the Company's 1996 fiscal year, though it may be adopted earlier.

The Company has elected to continue to apply the provisions of Opinion No. 25 and will calculate compensation cost prescribed by FAS No. 123 and present pro forma disclosures in 1996. Until such calculations are completed, the Company cannot estimate the impact such will have on the pro forma disclosures.

(11) Commitments and Contingencies

The Company leases certain office, service and assembly facilities under operating leases. The leases expire at various dates over the next several years. Total rent expense was \$85,000 in 1995 and \$62,000 in 1994. Future minimum lease payments under non-cancelable leases for the five years ending December 31, 1996 through 2000 are as follows: \$133,000, \$133,000, \$108,000, \$18,000 and none, respectively.

From time to time, the Company is involved in litigation arising out of operations in the normal course of business. In management's opinion, the Company is not involved in any litigation, the outcome of which would have a material effect on its business or operations.

(12) Related Party Transactions

The Company has entered into certain transactions which have given rise to amounts receivable from and payable to the shareholders. The balances at December 31, 1995 and 1994 were as follows (in thousands):

	-----	-----
Due from shareholders	\$ - =====	\$ 267 =====
Due to shareholders	\$ 3,422 =====	\$ 179 =====

Due from shareholders at December 31, 1994 consisted of demand loans made in 1993 and 1994 which were repaid in 1995. Due to shareholders at December 31, 1995 consists of \$2,000,000 due January 2, 1996 to the former sole shareholder of Oil Stop in the acquisition of that company and approximately \$1,374,000 due to the former shareholders of Superior for undistributed earnings in sub-chapter S corporations prior to December 31, 1994. In 1994, the due to shareholders represents primarily

amounts due for the purchase of various property and equipment in 1988 and 1992.

The Company paid consulting fees to a director, who is not an employee, of \$25,000 in 1995 and \$23,000 in 1994. The Company is obligated to make such rent payments in the future as follows: \$46,200 in 1996, \$46,200 in 1997 and \$46,200 in 1998. The Company also paid an employee \$36,000 in 1995 and \$15,000 in 1994 for the rent of two facilities. SUPERIOR ENERGY SERVICES, INC.
AND SUBSIDIARIES

Notes to Condensed Consolidated Financial Statements
Six Months Ended June 30, 1996 and 1995

(1) Reorganization

On December 13, 1995, the Company consummated a share exchange (the "Reorganization") whereby it (i) acquired all of the outstanding capital stock of Superior Well Service, Inc., Connection Technology, Ltd. and Superior Tubular Services, Inc. (collectively, "Superior") in exchange for 8,400,000 Common Shares and (ii) acquired all of the outstanding capital stock of Oil Stop, Inc. ("Oil Stop") in exchange for 1,800,000 Common Shares and \$2.0 million cash.

As used in the consolidated financial statements, the term "Small's" refers to the Company as of dates and periods prior to the Reorganization and the term "Company" refers to the combined operations of Small's, Oil Stop and Superior after the consummation of the Reorganization.

As a result of the controlling interest the Superior shareholders have in the Company following the Reorganization, among other factors, the Reorganization has been accounted for as a reverse acquisition (i.e., a purchase of Small's by Superior) under the "purchase" method of accounting. As such, the Company's consolidated financial statements and other financial information reflect the historical operations of Superior for periods and dates prior to the Reorganization. The net assets of Small's and Oil Stop, at the time of the Reorganization, were reflected at their estimated fair value pursuant to purchase accounting at the date of the Reorganization. The net assets of Superior have been reflected at their historical book values.

(2) Basis of Presentation

Certain information and footnote disclosures normally in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to rules and regulations of the Securities and Exchange Commission; however, management believes that this information is fairly presented. These financial statements and footnotes should be read in conjunction with the financial statements and notes thereto included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 1995 and the accompanying notes and Management's Discussion and Analysis or Plan of Operation.

(Continued)

SUPERIOR ENERGY SERVICES, INC.
AND SUBSIDIARIES

Notes to Condensed Consolidated Financial Statements

The financial information for the six months ended June 30, 1996 and 1995, has not been audited. However, in the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the results of operations for the periods presented have been included therein. The results of operations for the first six months of the year are not necessarily indicative of the results of operations which might be expected for the entire year.

(3) Pro Forma Income Taxes and Earnings per Share

Prior to the Reorganization, the Superior Companies, with the exception of Superior Tubular Services, Inc., which was a sub-chapter C corporation, were sub-chapter S corporations for income tax reporting purposes. Therefore, through June 30, 1995, no provision for federal and state income taxes had been made. Pro forma income tax expense and net income as adjusted for income taxes is presented for the three and six months ended June 30, 1995 on the Statement of Operations in order to reflect the impact on income taxes as if Superior had been a taxable entity during those periods. In computing weighted average share outstanding, 8,400,000 shares issued in exchange for Superior's capital stock is assumed to be outstanding as of January 1, 1995. All other common shares issued or sold are included in the weighted average shares outstanding calculation from the date of issuance or sale.

(4) Joint Venture

On January 15, 1996, the Company entered into a joint venture with G&L Tool Company ("G&L"), an unrelated party, which extends

through January 31, 2001. The Company has contributed assets of Superior Fishing with a book value of approximately \$4.5 million to the joint venture which is engaged in the business of renting specialized oil well equipment and fishing tools to the oil and gas industry in connection with the drilling, development and production of oil, gas and related hydrocarbons.

Superior Fishing receives as its share of distributions from operations \$110,000 a month commencing February 1996 through January 1998 and \$80,000 a month for the period February 1998 through January 2001. The distributions are included in revenues on the Condensed Consolidated Statement of Operations. The Company's share of distributions is personally guaranteed by a principal of G&L. In connection with the joint venture, Superior Fishing also sold G&L land for \$300,000.

The responsibility and authority for establishing policies relating to the strategic direction of the joint venture operations and ensuring that such policies are implemented have been vested in a policy committee consisting of three members, one of which is a Company employee. G&L will be responsible for the maintenance and repair, insurance and licenses and permits for all joint venture assets.

At the end of the joint venture term, G&L will have at its election, the option to purchase all of the Superior Fishing assets contributed to the joint venture for \$2 million.

(5) Stockholder's Equity

At a special meeting of stockholders on February 23, 1996, the shareholders approved increasing the authorized number of shares of common stock to 40,000,000.

(6) Subsequent Event

Subsequent to June 30, 1996, the Company purchased Baytron, Inc. for \$1,100,000 cash and 550,000 Common Shares. Baytron, Inc. designs, manufactures, sells and rents oil and gas drilling instrumentation and computerized rig data acquisitions systems used to monitor, display and record drill site functions. For the nine months ended June 30, 1996, Baytron recorded revenues of \$2.0 million.

Notes to Financial Statements

December 31, 1995

(1) Organization and Summary of Significant Accounting Policies

(a) Organization

Dimensional Oil Field Services, Inc. (the Company) was incorporated under the laws of Louisiana and began its operations in 1979. The Company provides offshore oil and gas plug and abandonment services.

(b) Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that effect the reported amounts in the financial statements and related disclosures. Actual results could differ from these estimates.

(c) Property and Equipment

Property and equipment is carried at cost. Depreciation is computed using the straight-line method based on the following estimated useful lives:

Description	Estimated useful lives
Machinery and equipment	5-15 years
Automobiles, trucks, trailers and tractors	3-5 years
Furniture and equipment	5-7 years

(d) Income Taxes

The Company with the consent of its stockholders, has elected under applicable provisions of the Internal Revenue Code not to be taxed as a corporation but to have its income taxed to the individual stockholders. Therefore, no provision for federal and state income taxes has been made in the accompanying financial statements.

(e) Cash Flows

For purposes of the statement of cash flows, cash equivalents include demand deposits with original maturities of less than three months.

(f) Financial Instruments

The Company's financial instruments consist of cash and cash equivalents, accounts receivable accounts payable and notes payable. The carrying amount of these financial instruments approximates their fair value.

DIMENSIONAL OIL FIELD SERVICES, INC.

Notes to Financial Statements

g) Revenue Recognition

The Company recognizes revenues as services are provided.

(h) Employee Benefit Plan

The Company has an elective employee benefit program which qualifies under section 401(k) of the Internal Revenue Code. The Company can make both discretionary and matching contributions at the discretion of the Board of Directors. In 1995, the Company matched up to 50% of the first six percent of participant retirement contributions. The Company's contribution was approximately \$25,000 in 1995.

(i) New Accounting Pronouncement

In March 1995, Statement of Financial Accounting Standards No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of," was issued by the Financial Accounting Standards Board. This statement is effective for fiscal years beginning after December 15, 1995. Management does not believe that this pronouncement will have a material impact on its financial statements.

(2) Concentration of Credit Risk

The Company's financial instruments that are exposed to concentrations of credit risk consist primarily of cash and cash equivalents and trade accounts receivable. The Company places cash and temporary cash investments with high quality financial institutions and currently invests primarily in certificates of deposit.

A majority of the Company's business is conducted with major oil and gas exploration companies with operations in the Gulf of Mexico. The Company continually evaluates the financial strength of their customers but does not require collateral to support the customer receivables.

Customers which accounted for 10 percent or more of operating revenue were as follows for the year ended December 31, 1995:

1995

Chevron USA	18.1%
Murphy Oil Corporation	17.2%
Louisiana Department of Natural Resources	16.0%

(1) Basis of Presentation

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to rules and regulations of the Securities and Exchange Commission; however, management of Dimensional Oil Field Services, Inc. believes the disclosures which are made are adequate to make the information presented not misleading. These financial statements and footnotes should be read in conjunction with the financial statements and notes thereto included in Dimensional Oil Field Services, Inc. historical financial statements for the years ended December 31, 1995 included elsewhere herein.

The unaudited financial information for the six months June 30, 1996 and 1995 has not been audited by independent accountants; however, in the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the results of operations for the periods

presented have been included therein. The results of operations for the first six months of the year are not necessarily indicative of the results of operations which might be expected for the entire year.

(2) Adoption of Accounting Pronouncement

Effective January 1, 1996, the Company adopted Statement of Financial Accounting Standards No. 121 (SFAS No. 121) "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of." SFAS No. 121 sets forth guidelines regarding when to recognize an impairment of long-lived assets and how to measure such impairment. The adoption of SFAS No. 121 did not have an effect on the Company's financial position or results of operations.

Pro Forma Financial Information:

The following unaudited pro forma condensed financial information is derived from the historical financial statements of Superior Energy Services, Inc., Small's, Oilstop, Dimensional Oilfield Services, Inc. and Baytron, Inc.. Adjustments have been made to reflect the financial impact of the Reorganization and purchase accounting for the Dimensional and Baytron acquisitions which would have been effected had the Reorganization and acquisitions taken place on January 1, 1995 with respect to the operating data and June 30, 1996 with respect to the balance sheet data. The pro forma adjustments are described in the accompanying notes and are based upon preliminary estimates and certain assumptions that management of the companies believe reasonable in the circumstances. This pro forma information is not necessarily indicative of the results of operations had the acquisitions been effected on the assumed date.

The Company, pursuant to a merger, acquired all the common stock of Baytron, Inc. on July 31, 1996. Although Baytron, Inc. did not meet the reporting requirements under regulation S-B, it has been included in the following pro forma financial information.

Item 28. Undertakings.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Act") may be permitted to directors, officers and controlling persons of the small business issuer pursuant to the foregoing provisions or otherwise, the small business issuer has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the small business issuer of expenses incurred or paid by a director, officer or controlling person of the small business issuer in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the small business issuer will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The small business issuer will:

(1) For determining any liability under the Securities Act, treat the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the small business issuer under Rule 424(b)(1) or (4) or 497(h) under the Securities Act as part of this registration statement as of the time the Commission declared it effective.

(2) For determining any liability under the Securities Act, treat each post-effective amendment that contains a form of prospectus as a new registration statement for the securities offered in the registration statement and that offering of the securities at that time as the initial bona fide offering of those securities.

BYLAWS

OF

SMALL'S OILFIELD SERVICES CORPORATION.
(a Delaware Corporation)

ARTICLE I

STOCKHOLDERS

1. CERTIFICATES REPRESENTING STOCK. Certificates representing stock in the corporation shall be signed by or in the name of, the corporation by the Chairman or Vice Chairman of the Board of Directors, if any, or by the President or a Vice -President and by the Treasurer or an Assistant Treasurer or the Secretary or an Assistant Secretary of the corporation. Any or all of the signatures on any such certificate may be facsimile. In case any officer, transfer agent, or registrar who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer, transfer agent, or registrar before such certificate is issued, it may be issued by the corporation with the same effect as if he were such officer, transfer agent or registrar at the date of issue.

Whenever the corporation shall be authorized to issue more than one class of stock or more than one series of any class of stock, and whenever the corporation shall issue any shares of its stock as partly paid stock, the certificates representing shares of any such class or series or of any such partly paid stock shall set forth thereon the statements prescribed by the General Corporation Law. Any restrictions on the transfer or registration of transfer of any shares of stock of any class or series shall be noted conspicuously on the certificate representing such shares.

The corporation may issue a new certificate of stock or uncertificated shares in place of any certificate theretofore issued by it, alleged to have been lost, stolen, or destroyed, and the Board of Directors may require the owner of the lost, stolen, or destroyed certificate, or his legal representative, to give the corporation a bond sufficient to indemnify the corporation against any claim that may be made against it on account of the alleged loss, theft, or destruction of any such certificate or the issuance of any such new certificate or uncertificated shares.

2. UNCERTIFIED SHARES. Subject to any conditions imposed by the General Corporation Law, the Board of Directors of the corporation may provide by resolution or resolutions that some or all of any or all classes or series of the stock of the corporation shall be uncertificated shares. Within a reasonable time after the issuance or transfer of any uncertificated shares, the corporation shall send to the registered owner thereof any written notice prescribed by the General Corporation Law.

3. FRACTIONAL SHARE INTEREST. The corporation may, but shall not be required to, issue fractions of a share. If the corporation does not issue fractions of a share, it shall (1) arrange for the disposition of fractional interests by those entitled thereto, (2) pay in cash the fair value of fractions of a share as of the time when those

entitled to receive such fractions are determined, or (3) issue scrip or warrants in registered form (either represented by a certificate or uncertificated) or bearer form (represented by a certificate) which shall entitle the holder to receive a full share upon the surrender of such scrip or warrants aggregating a full share. A certificate for a fractional share or an uncertificated fractional share shall, by a scrip or warrants shall not unless otherwise provided therein, entitle the holder to exercise voting rights, to receive dividends thereon, and to participate in any of the assets of the corporation in the event of liquidation. The Board of Directors may cause scrip or warrants to be issued subject to the conditions that they shall become void if not exchanged for certificates representing the full shares or uncertificated full shares before a specified date, or subject to the conditions that the shares for which scrip or warrants are exchangeable may be sold by the corporation and the proceeds thereof distributed to the holders of scrip or warrants, or subject to any other conditions which the Board of Directors may impose.

4. STOCK TRANSFERS. Upon compliance with provisions restricting the transfer or registration of transfer of shares of stock, if any, transfers or registration of transfers of shares of stock of the corporation shall be made only on the stock ledger of the corporation by the registered holder thereof, or by his attorney thereunto authorized by power of attorney duly executed and filed with the Secretary of the corporation or with a transfer agent or a registrar, if any, and, in the case of shares represented by certificates, on surrender of the certificate or certificates for such shares of stock properly endorsed and the payment of all taxes due thereon.

5. RECORD DATE FOR STOCKHOLDERS. In order that the corporation may determine the stockholders entitled to notice of or to vote at any meeting of stockholders or any adjournment thereof, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which record date shall not be more than sixty nor less than ten days before the date of such meeting. If no record date is fixed by the Board of Directors, the record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which the meeting is held. A termination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting. In order that the corporation may determine the stockholders entitled to consent to corporate action in writing without a meeting, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and which date shall not be more than ten days after the date upon which the resolution fixing the record date is adopted by the Board of Directors. If no record date has been fixed by the Board of Directors, the record date for determining the stockholders entitled to consent to corporate action in writing without a meeting, when no prior action by the Board of Directors is required by the General Corporation Law, shall be the first date on which a signed written consent setting forth the action taken or proposed to be taken is delivered to the corporation by delivery to its registered office in the

State of Delaware, its principal place of business, or an officer or agent of the corporation having custody of the book in which proceedings of meetings of stockholders are recorded. Delivery made to the corporation's registered office shall be by hand or by certified or registered mail, return receipt requested. If no record date has been fixed by the Board of Directors and prior action by the Board of Directors is required by the General Corporation Law, the record date for determining stockholders entitled to consent to corporate action in writing without a meeting shall be at the close of business on the day on which the Board of Directors adopts the resolution taking such prior action. In order that the corporation may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights in respect of any change, conversion, or exchange of stock, or for the purpose of any other lawful action, the Board of Directors may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted, and which record date shall be not more than sixty days prior to such action. If no record date is fixed, the record date for determining stockholders for any such purpose shall be at the close of business on the day of which the Board of Directors adopts the resolution relating thereto.

6. MEANING OF CERTAIN TERMS. As used herein in respect of the right to notice of a meeting of stockholders or waiver thereof or to participate or vote thereat or to consent or dissent in writing in lieu of a meeting, as the case may be, the term "share" or "shares" or "share of stock" or "shares of stock" or "stockholder" or "stockholders" refers to an outstanding share or shares of stock and to a holder or holders of record of outstanding shares of stock of any class upon which or upon whom the certificate of incorporation confers such rights or where there are two or more classes or series of shares of stock or upon which or upon whom the General Corporation Law confers such rights notwithstanding that the certificate of incorporation may provide for more than one class or series of shares of stock, one or more of which are limited or denied such rights thereunder; provided, however, that no such right shall vest in the event of an increase or a decrease in the authorized number of shares of stock of any class or series which is otherwise denied voting rights under the provisions of the certificate of incorporation, except as any provision of law may otherwise require.

7. STOCKHOLDER MEETINGS.

-TIME. The annual meeting shall be held on the date and at the time fixed, from time to time, by the directors, provided, that the first annual meeting shall be held on a date within thirteen months after the organization of the corporation, and each successive annual meeting shall be held on a date within thirteen months after the date of the preceding annual meeting. A special meeting shall be held on the date and at the time fixed by the directors.

-PLACE. Annual meetings and special meetings shall be held at such place, within or without the State of Delaware, as the directors may, from time to time, fix. Whenever the directors shall fail to fix such place, the meeting shall be held at the registered office of the corporation in the State of Delaware.

-CALL. Annual meetings and special meetings may be called by the directors or by an officer instructed by the

directors to call the meeting. A special meeting may also be called by stockholders owning at least 10% in interest of the capital stock of the Company.

-NOTICE OR WAIVER OF NOTICE. Written notice of all meetings shall be given, stating the place, date and hour of the meeting and stating the place within the city or other municipality or community at which the list of stockholders of the corporation may be examined. The notice of an annual meeting shall state that the meeting is called for the election of directors and for the transaction of other business which may properly come before the meeting and shall (if any other action which could be taken at a special meeting is to be taken at such annual meeting) state the purpose or purposes. The notice of a special meeting shall in all instances state the purpose or purposes for which the meeting is called. The notice of any meeting shall also include, or be accompanied by, any additional statements, information, or documents prescribed by the General Corporation Law. Except as otherwise provided by the General Corporation Law, a copy of the notice of any meeting shall be given, personally or by mail, not less than ten days nor more than sixty days before the date of the meeting, unless the lapse of the prescribed period of time shall have been waived, and directed to each stockholder at his record address or at such other address which he may have furnished by request in writing to the Secretary of the corporation. Notice by mail shall be deemed to be given when deposited, with postage thereon prepaid, in the United States Mail. If a meeting is adjourned to another time, not more than thirty days hence, and/or to another place, and if an announcement of the adjourned time and/or place is made at the meeting, it shall not be necessary to give notice of the adjourned meeting unless the directors, after adjournment, fix a new record date for the adjourned meeting. Notice need not be given to any stockholder who submits a written waiver of notice signed by him before or after the time stated therein. Attendance of a stockholder at a meeting of stockholders shall constitute a waiver of notice of such meeting, except when the stockholder attends the meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the stockholders need be specified in any written waiver of notice.

-STOCKHOLDER LIST. The officer who has charge of the stock ledger of the corporation shall prepare and make, at least ten days before every meeting of stockholders a complete list of the stockholders, arranged in alphabetical order, and showing the address of each stockholder and the number of shares registered in the name of each stockholder. Such list shall be open to the examination of any stockholder. Such list shall be open to the examination of any stockholder, for any purpose germane to the meeting, during ordinary business hours, for a period of at least ten days prior to the meeting, either at a place within the city or other municipality or community where the meeting is to be held, which place shall be specified in the notice of the meeting, or if not so specified, at the place where the meeting is to be held. The list shall also be produced and kept at the time and place of the meeting during the whole time thereof, and may be inspected by any stockholder who is present. The stock ledger shall be the only evidence as to who are the stockholders entitled to examine the stock ledger, the list required by this section or the books of the corporation, or to vote at any meeting of stockholders.

-CONDUCT OF MEETING. Meetings of the stockholders shall be presided over by one of the following officers in the order of seniority and if present and acting -- the Chairman of the Board, if any, the Vice-Chairman of the Board, if any, the President, a Vice President, or, if none of the foregoing is in office and present and acting, by a chairman to be chosen by the stockholders. The Secretary of the corporation, or in his absence, an Assistant Secretary, shall act as a secretary of every meeting, but if neither the Secretary nor an Assistant Secretary is present the Chairman of the meeting shall appoint a secretary of the meeting.

-PROXY REPRESENTATION. Every stockholder may authorize another person or persons to act for him by proxy in all matters in which a stockholder is entitled to participate, whether by waiving notice of any meeting, voting or participating at a meeting, or expressing consent or dissent without a meeting. Every proxy must be signed by the stockholder or by his attorney-in-fact. No proxy shall be voted or acted upon after three years from its date unless such proxy provides for a longer period. A duly executed proxy shall be irrevocable if it states that it is irrevocable and, if, and only as long as, it is coupled with an interest sufficient in law to support an irrevocable power. A proxy may be made irrevocable regardless of whether the interest with which it is coupled is an interest in the stock itself or an interest in the corporation generally.

-INSPECTORS. The directors, in advance of any meeting, may, but need not, appoint one or more inspectors of election to act at the meeting or any adjournment thereof. If an inspector or inspectors are not appointed, the person presiding at the meeting may, but need not, appoint one or more inspectors. In case any person who may be appointed as an inspector fails to appear or act, the vacancy may be filled by appointment made by the person presiding thereat. Each inspector, if any, before entering upon the discharge of his duties, shall take and sign an oath faithfully to execute the duties of inspector at such meeting with strict impartiality and according to the best of his ability. The inspectors, if any, shall determine the number of shares of stock outstanding and voting power of each, the shares of stock represented at the meeting, the existence of a quorum, the validity and effect of proxies, and shall receive votes, ballots, or consents, hear and determine all challenges and questions arising in connection with the right to vote, count and tabulate all votes, ballots, or consents, determine the result, and do such acts as are proper to conduct the election or vote with fairness to all stockholders. On request of the person presiding at the meeting, the inspector or inspectors, if any, shall make a report in writing of any challenge, question or matter determined by him or them and execute a certificate of any fact found by him or them.

-QUORUM. The holders of a majority of the outstanding shares of stock shall constitute a quorum at a meeting of stockholders for the transaction of any business. The stockholders present may adjourn the meeting despite the absence of a quorum.

-VOTING. Each share of stock shall entitle the holder thereof to one vote. Directors shall be elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on

the election of directors. Any other action shall be authorized by a majority of the votes cast except where the General Corporation Law prescribes a different percentage of votes and/or a different exercise of voting power, and except as may be otherwise prescribed by the provisions of the certificate of incorporation and these Bylaws. In the election of directors, and for any other action, voting need not be by ballot.

8. STOCKHOLDER ACTION WITHOUT MEETINGS. Any action required by the General Corporation Law to be taken at any annual or special meeting of stockholders, or any action which may be taken at any annual or special meeting of stockholders, may be taken without a meeting, without prior notice and without a vote, if a consent in writing, setting forth the action so taken, shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorized or take such action at a meeting at which all shares entitled to vote thereon were present and voted. Prompt notice of the taking of the corporate action without a meeting by less than unanimous written consent shall be given to those stockholders who have not consented in writing. Action taken pursuant to this paragraph shall be subject to the provisions of Section 228 of the General Corporation Law.

ARTICLE II

DIRECTORS

1. FUNCTIONS AND DEFINITIONS. The business and affairs of the corporation shall be managed by or under the direction of the Board of Directors of the corporation. The Board of Directors shall have the authority to fix the compensation of the members thereof. The use of the phrase "whole board" herein refers to the total number of directors which the corporation would have if there were no vacancies.

2. QUALIFICATIONS AND NUMBER. A director need not be a stockholder, a citizen of the United States, or a resident of the State of Delaware. The Board of Directors shall consist of not less than three nor more than eleven members, the number thereof to be fixed from time to time by action of the directors, or, if the number is not otherwise fixed, the number shall be seven. The number of directors may be increased or decreased by action of the directors.

3. ELECTION AND TERM. Directors who are elected at an annual meeting of stockholders, and directors who are elected in the interim to fill vacancies and newly created directorships, shall hold office until the next annual meeting of stockholders, and until their successors are elected and qualified, or until their earlier resignation or removal. Any director may resign at any time upon written notice to the corporation. Except as the General Corporation Law may otherwise require, in the interim between annual meetings of stockholders or of special meetings of stockholders called for the election of directors and/or for the removal of one or more directors and for the filling of any vacancy in that connection, newly created directorships and any vacancies in the Board of Directors resulting from death, resignation or removal, including unfilled vacancies resulting from the removal of directors for cause or without cause, may be filled by the affirmative vote of a majority of the remaining directors then in office, although less than a quorum, or by a sole remaining director.

4. MEETINGS.

-TIME. Meetings shall be held at such time as the Board shall fix, except that the first meeting of a newly elected Board shall be held as soon after its election as the directors may conveniently assemble.

-PLACE. Meetings shall be held at such place within or without the State of Delaware as shall be fixed by the Board.

-CALL. No call shall be required for regular meetings for which the time and place have been fixed. Special meetings may be called by or at the direction of the Chairman of the Board, if any, or the Vice -Chairman of the Board, if any, or the President, or by a majority of the Board if the time and place have not been fixed. Written, oral, or any other mode of notice of the time and place shall be given for special meetings in sufficient time for the convenient assembly of the directors thereat. Notice need not be given to any director or to any member of a committee of directors who submits a written waiver of notice signed by him before or after the time stated therein. Attendance of any such person at a meeting shall constitute a waiver of notice of such meeting, except when he attends a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the directors need be specified in any written waiver of notice.

-QUORUM AND ACTION. A majority of the whole Board shall constitute a quorum except when a vacancy or vacancies prevents such majority, whereupon a majority of the directors in office shall constitute a quorum, provided, that such majority shall constitute at least one-third of the whole Board. A majority of the directors present, whether or not a quorum is present, may adjourn a meeting to another time and place. Except as herein otherwise provided and except as otherwise provided by the General Corporation Law the vote of the majority of the directors present at a meeting at which a quorum is present shall be the act of the Board. The quorum and voting provisions herein stated shall not be construed as conflicting with any provisions of the General Corporation Law and these Bylaws which govern a meeting of directors held to fill vacancies and newly created directorships in the Board or action of disinterested directors.

Any member or members of the Board of Directors or of any committee designated by the Board, may participate in a meeting of the Board, or any such committee, as the case may be, by means of conference telephone or similar communication equipment by means of which all persons participating in the meeting can hear each other.

-CHAIRMAN OF THE MEETING. The Chairman of the Board, if any and if present and acting, shall preside at all meetings. Otherwise, the Vice-Chairman of the Board, if any and if present and acting, or the President, if present and acting, or any other director chosen by the Board, shall preside.

5. REMOVAL OF DIRECTORS. Except as may otherwise be provided by the General Corporation Law, any director or the entire Board of Directors may be removed, with or without

cause, by the holders of a majority of the shares then entitled to vote at an election of directors.

6. COMMITTEES. The Board of Directors may, by resolution passed by a majority of the whole Board, designate one or more committees, each committee to consist of one or more of the directors of the corporation. The Board may designate one or more directors as alternate members of any committee, who may replace any absent or disqualified member at any meeting of the committee. In the absence or disqualification of any member of any such committee or committees, the member or members thereof present at any meeting and not disqualified from voting, whether or not he or they constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in the place of any such absent or disqualified member. Any such committee, to the extent provided in the resolution of the Board, shall have and may exercise the powers and authority of the Board of Directors in the management of the business and affairs of the corporation with the exception of any authority the delegation of which is prohibited by Section 141 of the General Corporation Law, and may authorize the seal of the corporation to be affixed to all papers which may require it.

7. WRITTEN ACTION. Any action required or permitted to be taken at any meeting of the Board of Directors or any committee thereof may be taken without a meeting if all members of the Board or committee, as the case may be, consent thereto in writing, and writing or writings are filed with the minutes of proceedings of the Board or committee.

ARTICLE III

OFFICERS

The officers of the corporation shall consist of a President, a Secretary, a Treasurer, and, if deemed necessary, expedient, or desirable by the Board of Directors, a Chairman of the Board, a Vice-Chairman of the Board, an Executive Vice-President, one or more other Vice-Presidents, one or more Assistant Secretaries, one or more Assistant Treasurers, and such other officers with such titles as the resolution of the Board of Directors choosing them shall designate. Except as may otherwise be provided in the resolution of the Board of Directors choosing him, no officer other than the Chairman or Vice-Chairman of the Board, if any, need be a director. Any number of officers may be held by the same person, as the directors may determine.

Unless otherwise provided in the resolution choosing him, each officer shall be chosen for a term which shall continue until the meeting of the Board of Directors following the next annual meeting of stockholders and until his successor shall have been chosen and qualified. INDEMNITY AGREEMENT

Between

SUPERIOR ENERGY SERVICES, INC.

and

INDEMNITY AGREEMENT

This Agreement is made as of the ____ day of _____, 1995, by and between Superior Energy Services, Inc., a Delaware corporation (the "Corporation"), and _____ ("Indemnitee").

In consideration of Indemnitee's continued service after the date hereof, the Corporation and Indemnitee do hereby agree as follows:

1. Agreement to Serve. Indemnitee shall serve or continue to serve as a director of the Corporation and any other corporation, subsidiary, partnership, joint venture or trust or other enterprise of which he is serving at the request of the Corporation and agrees to serve in that capacity for so long as he is duly elected or appointed and qualified or until such earlier time as he tenders his resignation in writing.

2. Definitions. As used in this Agreement:

(a) The term "Claim" shall mean any threatened, pending or completed claim, action, suit or proceeding, including appeals, whether civil, criminal, administrative or investigative and whether made judicially or extra-judicially, including any action by or in the right of the Corporation or any separate issue or matter therein, as the context requires.

(b) The term "Determining Body" shall mean (i) those members of the Board of Directors who do not have a direct or indirect interest in the Claim for which indemnification is being sought ("Impartial Directors"), if there are at least two Impartial Directors, or (ii) a committee of at least two directors appointed by the Board or a duly authorized committee thereof (regardless whether the directors voting on such appointment are Impartial Directors) and composed of Impartial Directors or (iii) if there are fewer than two Impartial Directors or if the Board of Directors or a duly authorized committee thereof so directs (regardless whether the members thereof are Impartial Directors), independent legal counsel, which may be the regular outside counsel of the Corporation, as determined by the Impartial Directors or, if no such directors exist, the full Board of Directors.

(c) The term "Disbursing Officer" shall mean the Chief Financial Officer of the Corporation or, if the Chief Financial Officer has a direct or indirect interest in the Claim for which indemnification is being sought, any officer who does not have such an interest and who is designated by the Chief Executive Officer to be the Disbursing Officer with respect to indemnification requests related to the Claim, which designation shall be made promptly after receipt of the initial request for indemnification with respect to such Claim.

(d) The term "Expenses" shall mean any expenses or costs including, without limitation, attorney's fees, judgments, punitive or exemplary damages, fines, excise taxes or amounts paid in settlement. If any of the foregoing amounts paid on behalf of Indemnitee are not deductible by Indemnitee for federal or state income tax purposes, the Corporation shall reimburse Indemnitee for any resulting tax liability with respect thereto by paying to Indemnitee an amount which, after taking into account taxes on such amount, equals Indemnitee's incremental tax liability as a result of such expense or cost.

3. Limitation of Liability. To the fullest extent permitted by the Certificate of Incorporation and By-laws of the Corporation (each as in effect on the date hereof and, if and to the extent such provisions are amended to permit further limitations, in effect at any time prior to the determination of liability that would exist but for the provisions of this Agreement) Indemnitee shall not be liable for breach of his fiduciary duty as a director or officer.

4. Insurance. The Corporation currently does not have in effect policies of insurance providing insurance protection to its directors, officers and employees against some liabilities which may be incurred by them on account of their services to the Corporation. If such insurance is purchased by the Corporation, the insurance, to the extent of the coverage it provides, shall be primary and indemnification shall be made pursuant to this Agreement only to the extent that the director or officer is not reimbursed pursuant to such insurance coverage. If such insurance is not purchased by the Corporation, the Indemnitee shall be entitled to indemnification by the Corporation in accordance with the provisions of this Agreement.

5. Additional Indemnity.

(a) To the extent any Expenses incurred by Indemnitee are in excess of the amounts reimbursed or indemnified pursuant to the provisions of Section 4 hereof, the Corporation shall indemnify, defend and hold harmless Indemnitee against any Expenses actually and reasonably incurred by Indemnitee (as they are incurred) in connection with any Claim against Indemnitee (whether as a subject of or party to, or a proposed or threatened subject of or party to, the Claim), or involving Indemnitee solely as a witness or person required to give evidence, by reason of Indemnitee's position (i) as a director or officer of the Corporation, (ii) as a director or officer of any subsidiary of the Corporation or as a fiduciary with respect to any employee benefit plan of the Corporation, or (iii) as a director, officer, partner, employee or agent of another corporation, partnership, joint venture, trust or other for profit or not for profit entity or enterprise, if such position is or was held at the request of the Corporation, whether relating to service in such position before or after the effective date of this Agreement, if (A) the Indemnitee is successful in his defense of the Claim on the merits or otherwise or (B) the Indemnitee has been found by the Determining Body to have met the Standard of Conduct (as hereinafter defined); provided that no indemnification shall be made in respect of any Claim as to which Indemnitee shall have been adjudicated in a final judgment to be liable for willful or intentional misconduct in the performance of his duty to the Corporation or to have obtained an improper personal benefit, unless, and only to the extent that, a court shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, Indemnitee is fairly and reasonably entitled to indemnity for such Expenses which the court shall deem proper.

(b) For purposes of this Agreement, the "Standard of Conduct" is met when conduct by an Indemnitee with respect to which a Claim is asserted was conduct performed in good faith which he reasonably believed to be in, or not opposed to, the best interest of the Corporation, and, in the case of a Claim which is a criminal action or proceeding, conduct that the Indemnitee had no reasonable cause to believe was unlawful. The termination of any Claim by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that Indemnitee did not meet the Standard of Conduct.

(c) Promptly upon becoming aware of the existence of any Claim as to which Indemnitee may be indemnified for Expenses and as to which Indemnitee desires to obtain indemnification, Indemnitee shall notify the Chief Executive Officer of the Corporation, but the failure to promptly notify the Chief Executive Officer shall not relieve the Corporation from any obligation under this Agreement. Upon receipt of such request, the Chief Executive Officer shall promptly advise the members of the Board of Directors of the request and that the establishment of a Determining Body with respect to Indemnitee's request for indemnification as to the Claim will be presented at the next regularly scheduled meeting of the Board. If a meeting of the Board of Directors is not regularly scheduled within 90 calendar days of the date the Chief Executive Officer receives notice of the Claim, the Chief Executive Officer shall cause a special meeting of the Board of Directors to be called within such period in accordance with the provisions of the Corporation's By-laws. After the Determining Body has been established, the Determining Body shall inform the Indemnitee of the constitution of the Determining Body and Indemnitee shall provide the Determining Body with all facts relevant to the Claim known to such Indemnitee, and deliver to the Determining Body all documents relevant to the Claim in Indemnitee's possession. Before the 60th day after its receipt from the Indemnitee of such information (the "Determination Date"), together with such additional information as the Determining Body may reasonably request of Indemnitee prior to such date (the receipt of which shall not begin a new 60-day period) the Determining Body shall determine whether or not Indemnitee has met the Standard of Conduct and shall advise Indemnitee of its determination. If Indemnitee shall have supplied the Determining Body with all relevant information, including all additional information reasonably requested by the Determining Body, any failure of the Determining Body to make a determination by or on the Determination Date as to whether the Standard of Conduct was met shall be deemed to be a determination that the Standard of Conduct was met by Indemnitee.

(d) If at any time during the 60-day period ending on the Determination Date, Indemnitee becomes aware of any relevant facts not theretofore provided by him to the Determining Body, Indemnitee shall inform the Determining Body of such facts, unless the Determining Body has obtained such facts from another source. The provision of such facts to the Determining Body shall not begin a new 60 day period.

(e) The Determining Body shall have no power to revoke a determination that Indemnitee met the Standard of Conduct unless Indemnitee (i) submits to the Determining Body at any time during the 60 days prior to the Determination Date fraudulent information, (ii) fails to comply with the provisions of Section 4(d) hereof, or (iii) intentionally fails to submit information or documents relevant to the Claim reasonably requested by the Determining Body prior to the Determination Date.

(f) In the case of any Claim not involving any

threatened or pending criminal proceeding,

(i) if prior to the Determination Date the Determining Body has affirmatively made a determination that the Indemnatee met the Standard of Conduct (not including a determination deemed to have been made by inaction), the Corporation may, except as otherwise provided below, individually or jointly with any other indemnifying party similarly notified, assume the defense thereof with counsel reasonably satisfactory to the Indemnatee (who shall not, except with the written consent of Indemnatee, be counsel to the Corporation). If the Corporation assumes the defense of the Claim, it shall notify Indemnatee of such action and keep Indemnatee informed as to the progress of such defense, including any proposed settlements, so that Indemnatee may make an informed decision as to the need for separate counsel. After notice from the Corporation that it is assuming the defense of the Claim, it will not be liable to Indemnatee under this Agreement for any legal or other expenses subsequently incurred by Indemnatee in connection with the defense other than reasonable costs of investigation or as otherwise provided below. Indemnatee shall have the right to employ its own counsel in such action, suit or proceeding but the fees and expenses of such counsel incurred after such notice from the Corporation of its assumption of the defense shall be at the expense of Indemnatee unless (A) the employment of counsel by Indemnatee has been authorized by the Corporation, (B) Indemnatee shall have concluded reasonably that there may be a conflict of interest between the Corporation and Indemnatee in the conduct of the defense of such action or (C) the Corporation shall not in fact have employed counsel to assume the defense of such action, in each of which cases the fees and expenses of counsel shall be at the expense of the Corporation. The Corporation shall not be entitled to assume the defense of any action, suit or proceeding brought by or in the right of the Company or as to which Indemnatee shall have made the conclusion provided for in (B) above; and

(ii) the Corporation shall fairly consider any proposals by Indemnatee for settlement of the Claim. If the Corporation proposes a settlement of the Claim and such settlement is acceptable to the person asserting the Claim, or the Corporation believes a settlement proposed by the person asserting the Claim should be accepted, it shall inform Indemnatee of the terms of such proposed settlement and shall fix a reasonable date by which Indemnatee shall respond. If Indemnatee agrees to such terms, he shall execute such documents as shall be necessary to make final the settlement. If Indemnatee does not agree with such terms, Indemnatee may proceed with the defense of the Claim in any manner he chooses, provided that if Indemnatee is not successful on the merits or otherwise, the Corporation's obligation to indemnify such Indemnatee as to any Expenses incurred following his disagreement shall be limited to the lesser of (A) the total Expenses incurred by Indemnatee following his decision not to agree to such proposed settlement or (B) the amount that the Corporation would have paid pursuant to the terms of the proposed settlement. If, however, the proposed settlement would impose upon Indemnatee any requirement to act or refrain from acting that would materially interfere with the conduct of Indemnatee's affairs, Indemnatee may refuse such settlement and continue his defense of the Claim, if he so desires, at the Corporation's expense in accordance with the terms and conditions of this Agreement without regard to the limitations imposed by the immediately preceding sentence. In any event, the Corporation shall not be obligated to indemnify Indemnatee for any amount paid in a settlement that the Corporation has not approved.

(g) In the case of any Claim involving a proposed,

threatened or pending criminal proceeding, Indemnatee shall be entitled to conduct the defense of the Claim with counsel of his choice and to make all decisions with respect thereto; provided that the Corporation shall not be obliged to indemnify Indemnatee for any amount paid in settlement of such a Claim unless the Corporation has approved such settlement.

(h) After notifying the Corporation of the existence of a Claim, Indemnatee may from time to time request the Corporation to pay the Expenses (other than judgments, fines, penalties or amounts paid in settlement) that he incurs in pursuing a defense of the Claim prior to the time that the Determining Body determines whether the Standard of Conduct has been met. The Disbursing Officer shall pay to Indemnatee the amount requested (regardless of Indemnatee's apparent ability to repay such amount) upon receipt of an undertaking by or on behalf of Indemnatee to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified by the Corporation under the circumstances.

(i) After it has been determined that the Standard of Conduct has been met, for so long as and to the extent that the Corporation is required to indemnify Indemnatee under this Agreement, the provisions of Section 5(h) shall continue to apply with respect to Expenses incurred after such time except that (i) no undertaking shall be required of Indemnatee and (ii) the Disbursing Officer shall pay to Indemnatee the amount of any fines, penalties or judgments against him which have become final and for which he is entitled to indemnification hereunder, and any amount of indemnification ordered to be paid to him by a court.

(j) Any determination by the Corporation with respect to settlement of a Claim shall be made by the Determining Body.

(k) All determinations and judgments made by the Determining Body hereunder shall be made in good faith.

(l) The Corporation and Indemnatee shall keep confidential to the extent permitted by law and their fiduciary obligations all facts and determinations provided pursuant to or arising out of the operation of this Agreement and the Corporation and Indemnatee shall instruct its or his agents and employees to do likewise.

6. Enforcement.

(a) The rights provided by this Agreement shall be enforceable by Indemnatee in any court of competent jurisdiction.

(b) If Indemnatee seeks a judicial adjudication of his rights under, or to recover damages for breach of, this Agreement, Indemnatee shall be entitled to recover from the Corporation, and shall be indemnified by the Corporation against, any and all expenses actually and reasonably incurred by him in connection with such proceeding, but only if he prevails therein. If it shall be determined that Indemnatee is entitled to receive part but not all of the relief sought, then the Indemnatee shall be entitled to be reimbursed for all expenses incurred by him in connection with such judicial adjudication if the amount to which he is determined to be entitled exceeds 50% of the amount of his claim. Otherwise, the expenses incurred by Indemnatee in connection with such judicial adjudication shall be appropriately prorated.

(c) In any judicial proceeding described in this Section 6, the Corporation shall bear the burden of proving that Indemnatee is not entitled to the relief sought, even if the Determining Body prior to the Determination Date determined that

Indemnitee failed to meet the Standard of Conduct. If prior to the Determination Date the Determining Body failed to make a determination that Indemnitee did not meet the Standard of Conduct, it shall not be a defense to such suit that Indemnitee did not meet the Standard of Conduct.

7. Saving Clause. If any provision of this Agreement is determined by a court having jurisdiction over the matter to violate or conflict with applicable law, the court shall be empowered to modify or reform such provision so that, as modified or reformed, such provision provides the maximum indemnification permitted by law and such provision, as so modified or reformed, and the balance of this Agreement, shall be applied in accordance with their terms. Without limiting the generality of the foregoing, if any portion of this Agreement shall be invalidated on any ground, the Corporation shall nevertheless indemnify an Indemnitee to the full extent permitted by any applicable portion of this Agreement that shall not have been invalidated and to the full extent permitted by law with respect to that portion that has been invalidated.

8. Non-Exclusivity. (a) The indemnification and advancement of Expenses provided by or granted pursuant to this Agreement shall not be deemed exclusive of any other rights to which Indemnitee is or may become entitled under any statute, certificate of incorporation, by-law, authorization of stockholders or directors, agreement, or otherwise.

(b) It is the intent of the Corporation by this Agreement to indemnify and hold harmless Indemnitee to the fullest extent permitted by law, so that if applicable law would permit the Corporation to provide broader indemnification rights than are currently permitted, the Corporation shall indemnify and hold harmless Indemnitee to the fullest extent permitted by applicable law notwithstanding that the other terms of this Agreement would provide for lesser indemnification.

9. Confidentiality. The Corporation and Indemnitee shall keep confidential to the extent permitted by law and their fiduciary obligations all information and determinations provided pursuant to or arising out of the operations of this Agreement and the Corporation and Indemnitee shall instruct its or his agents and employees to do likewise.

10. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall constitute the original.

11. Applicable Law. This Agreement shall be governed by and construed in accordance with the substantive laws of the State of Delaware.

12. Successors and Assigns. This Agreement shall be binding upon Indemnitee and upon the Corporation, its successors and assigns, and shall inure to the benefit of the Indemnitee's heirs, personal representatives, and assigns and to the benefit of the Corporation, its successors and assigns.

13. Amendment. No amendment, modification, termination or cancellation of this Agreement shall be effective unless made in writing signed by the Corporation and Indemnitee. Notwithstanding any amendment, modification, termination or cancellation of this Agreement or any portion hereof, Indemnitee shall be entitled to indemnification in accordance with the provisions hereof with respect to any acts or omissions of Indemnitee which occur prior to such amendment, modification, termination or cancellation.

IN WITNESS WHEREOF, the parties hereto have caused this

Agreement to be duly executed and signed as of the date and year first above written.

Section 4.22 Transactions with Certain Persons. Except for employment relationships in the ordinary course of business, no employee of Baytron or any of their Affiliates is presently a party to any transaction with Baytron, including without limitation any contract, agreement or other arrangement providing for the furnishing of services by or the rental of real or personal property from any such person or from any of their Affiliates.

Section 4.23 Intellectual Property. Baytron either own or has valid licenses to use all patents, copyrights, trademarks, software, databases, and other technical information used in its business as presently conducted, subject to limitations contained in the agreements governing the use of same, which limitations are customary for companies engaged in businesses similar to Baytron. There are no limitations contained in any such agreements which, upon consummation of the Merger, will alter any such rights, breach any such agreement or any third-party vendor, or require payments of additional sums thereunder. Baytron is in compliance with all such licenses and agreements and there are no pending or, to the best knowledge of the Shareholders, threatened Proceedings challenging or questioning the validity or effectiveness of any license or agreement relating to such property or the right of Baytron to use, copy, modify or distribute the same.

Section 4.24 Insurance. SESI has been provided access to all insurance policies or binders which relate to Baytron's business. All premiums due under such policies and binders have been paid or accrued for on the Baytron Financial Statements and all such policies and binders are in full force and effect and no notice of cancellation or nonrenewal of any such policy or binder has been received by Baytron and no notice of disallowance of any claim under any insurance policy or binder, whether or not currently in effect, has been received by Baytron. Baytron has no liability for or exposure to any premium expense for expired policies and there are no current claims by Baytron under any such policy or binder nor are there any insured losses for which claims have not been made.

Section 4.25 Safety and Health. The property and assets of Baytron have been and are being operated in compliance with all Applicable Laws designed to protect safety or health, or both, including without limitation, the Occupational Safety and Health Act, and the regulations promulgated pursuant thereto. Baytron has not received any written notice of any violations, deficiency, investigation or inquiry from any Governmental Entity, employer or third party under any such law and, to the best knowledge of the Shareholders, no such investigation or inquiry is planned or threatened.

Section 4.26 Bank Accounts; Powers of Attorney. The Disclosure Schedule sets forth with respect to each bank account or cash account maintained at any bank, brokerage or other financial firm, the name of the institution at which such account is maintained, the number of the account, and the names of the individuals having authority to withdraw funds from such account.

Section 4.27 Compensation Agreements. The Disclosure Schedule lists all written employment, commission, bonus or other compensation and consulting agreements to which Baytron is a party. Except as set forth on the Disclosure Schedule, Baytron is not a party to any written or oral employment, commission, bonus or other compensation or consulting agreement which Baytron

may not terminate without any payment or penalty, at will, with or without cause, except to the extent that employment at will may be limited by Applicable Law.

Section 4.28 Director and Officer Indemnification. The directors and officers of Baytron are not entitled to indemnification by Baytron, except to the extent that indemnification rights are provided for generally in Louisiana and there are no pending claims for indemnification by any director or officer of Baytron.

Section 4.29 Documents and Written Materials. Originals or true and complete copies of all documents or other written materials underlying items listed in the Disclosure Schedule have been furnished or made available to SESI in the form in which each of such documents is in effect, and will not be modified in any material respect prior to the Closing Date without SESI's prior written consent.

Section 4.30 Effectiveness of Representations and Warranties. All of the representations and warranties of Baytron and the Shareholders in this Agreement shall be true in all material respects on the Closing Date and shall be deemed to have been made again by Baytron and the Shareholders on and as of the Closing Date.

ARTICLE 5 REPRESENTATIONS AND WARRANTIES OF SESI

SESI represents and warrants to and agrees with Baytron and the Shareholders as follows:

Section 5.1 Organization. SESI and Baytron Acquisition are corporations duly organized, validly existing and in good standing under the laws of Louisiana and have all requisite corporate power and authority to own their properties and carry on their businesses as now being conducted.

Section 5.2 Capitalization. As of the date of this Agreement, the authorized capital stock of SESI consists of 40,000,000 shares of common stock, \$.001 par value per share, 17,320,916 of which are validly issued and outstanding, and 5,000,000 of preferred stock, \$.001 par value, none of which are outstanding. SESI holds of record all of the issued and outstanding shares of Baytron Acquisition capital stock.

Section 5.3 Authority; Enforceability. Each of SESI and Baytron Acquisition has the requisite corporate power and authority to execute and deliver this Agreement and to carry out its obligations hereunder. The execution, delivery and performance of this Agreement and the consummation of the Merger and of the other transactions contemplated hereby have been duly authorized by all necessary corporate action on the part of SESI and Baytron Acquisition and no other corporate proceedings on the part of SESI or Baytron Acquisition are necessary to authorize this Agreement or to consummate the transactions so contemplated. This Agreement has been duly executed and delivered by each of SESI and Baytron Acquisition and constitutes a valid and binding obligation of each of SESI and Baytron Acquisition, enforceable against them in accordance with its terms, except as may be limited by applicable bankruptcy, insolvency, reorganization, moratorium and similar laws affecting the enforcement of creditors' rights generally and equitable principles which may limit the availability of certain equitable remedies in certain instances.

Section 5.4 Consents and Approvals; Conflicts. No filing with or notice to, and no permit, authorization, consent or

approval of, any Governmental Entity is necessary for the execution and delivery by SESI and Baytron Acquisition of this Agreement or the consummation by SESI and Baytron Acquisition of the transactions contemplated hereby. Neither the execution and delivery of this Agreement by SESI and Baytron Acquisition, nor the consummation of the transactions contemplated hereby, will violate any of the provisions of the Articles of Incorporation or Bylaws of either SESI or Baytron Acquisition; or conflict with or result in a breach of, or give rise to a right of termination of, or accelerate the performance required by, any terms of any court order, consent decree, note, bond, mortgage, indenture, deed of trust, or any license or agreement binding on either SESI or Baytron Acquisition or to which either SESI or Baytron Acquisition is subject or a party, or constitute a default thereunder, or result in the creation of any Lien upon any of the assets or result in the creation of any Lien upon any of the assets of SESI or Baytron Acquisition, except for any such conflict, breach, termination, acceleration, default or Lien which would not have a material adverse effect on (a) the business, assets or financial condition of SESI or Baytron Acquisition or (b) either SESI's or Baytron Acquisition's ability to consummate any of the transactions contemplated hereby.

Section 5.5 SESI Stock. All shares of SESI Common Stock to be issued pursuant to this Agreement will be, when issued, duly authorized, validly issued, fully paid and non-assessable.

Section 5.6 SESI Disclosure. The SESI Disclosure Documents do not include any misstatement of any fact material to the assets, business, operations, financial condition and prospects of SESI, taken as a whole, or omit to state such a material fact necessary in order to make the statements, in the light of the circumstances under which they are made, not misleading.

Section 5.7 Effectiveness of Representations and Warranties. All of the representations and warranties of SESI in this Agreement shall be true in all material respects on the Closing Date and shall be deemed to have been made again by SESI on and as of the Closing Date.

ARTICLE 6 PRE-CLOSING COVENANTS

Section 6.1 Legal Requirements to Merger. Subject to the conditions set forth in Section 7 and to the other terms and provisions of this Agreement, each of the parties to this Agreement agrees to take, or cause to be taken, all reasonable actions necessary to comply promptly with all legal requirements applicable to it with respect to the Merger and will promptly cooperate with and furnish information to each other in connection with any such requirements imposed upon any of them in connection with the Merger. Each of Baytron, SESI, Baytron Acquisition and the Shareholders will take all reasonable actions necessary to obtain, and will cooperate with each other in obtaining, any consent, authorization, order or approval of, or any exemption by, any Governmental Entity or other public or private party, required to be obtained or made by it in connection with the Merger or the taking or any action contemplated by this Agreement.

Section 6.2 Access to Properties and Records. Until the Effective Time, Baytron and the Shareholders shall allow SESI and its authorized representatives full access, during normal business hours and on reasonable notice, to all of Baytron's properties, offices, vehicles, equipment, inventory and other assets, documents, files, books and records, in order to allow SESI a full opportunity to make such investigation and inspection

as its desires of Baytron's business and assets. Baytron and the Shareholders shall further use their best efforts to cause the employees, counsel and regular independent certified public accountants of Baytron to be available upon reasonable notice to answer questions of SESI's representatives concerning the business and affairs of Baytron, and shall further use their best efforts to cause them to make available all relevant books and records in connection with such inspection and examination, including without limitation work papers for all audits and reviews of financial statements of Baytron.

Section 6.3 Conduct of Business. From and after the date of this Agreement and until the Closing Date, Baytron and SESI shall each conduct their respective businesses in the ordinary course and consistently with past practice, except as expressly required or otherwise permitted by this Agreement, and shall not take or permit any action which would cause any of their representations made in this Agreement not to be true and correct on the Closing Date.

Section 6.4 Public Statements. Prior to the Effective Time, none of the parties to this Agreement shall, and each party shall use its best efforts so that none of its advisors, officers, directors or employees shall, except with the prior written consent of the other parties, publicize, announce or describe to any third person, except their respective advisors and employees, the execution or terms of this Agreement, the parties hereto or the transactions contemplated hereby, except as required by law or as required pursuant to this Agreement to obtain the consent of such third person; provided, in any case, that SESI may make such disclosures and announcements as may be necessary or advisable under applicable securities laws.

Section 6.5 No Solicitation. The Shareholders and Baytron will not, prior to the Effective Time or the termination of this Agreement pursuant to Section 9.1, (nor will they permit any of their affiliates or any of Baytron's officers, directors or agents to) directly or indirectly solicit or participate or engage in or initiate any negotiations or discussions, or enter into or authorize any agreement or agreements in principle, or announce any intention to do any of the foregoing, with respect to any offer or proposal to acquire all or any significant part of Baytron's business and properties or any Baytron Common Stock whether by merger, purchase of assets, purchase of stock or otherwise. The Shareholders and Baytron will notify SESI promptly upon receipt of any inquiry, offer or other communication from any third party regarding any such activities.

Section 6.6 Update Information. Each party hereto will promptly disclose to the other any information contained in its representations and warranties that because of an event occurring after the date hereof is incomplete or no longer correct; provided, however, that none of such disclosures will be deemed or modified, amend, or supplement the representations and warranties of such party, unless the other party consents to such modification, amendment, or supplement in writing.

ARTICLE 7 CLOSING CONDITIONS

Section 7.1 Conditions Applicable to all Parties. The respective obligations of each party to consummate the Merger shall be subject to the satisfaction or, where permissible, waiver by such party of the following conditions at or prior to the Effective Time:

- (a) No statute, rule, regulation, executive order,

(b) SESI and Baytron shall have received an opinion of Jones, Walker, Waechter, Poitevent, Carrere & Denegre L.L.P. to the effect that the Merger constitutes a reorganization within the meaning of Sections 368(a)(1)(A) and 368(a)(2)(D) of the Code, that the Shareholders will recognize no gain or loss for federal income tax purposes with respect to the SESI Common Stock received by them in connection with the Merger, and that no gain or loss for federal income tax purposes will be recognized by SESI, Baytron Acquisition or Baytron as a result of the Merger.

(c) Each Person specified in Exhibit "B" shall have entered into an Employment Agreement having the terms specified therein.

Section 7.2 Conditions to Obligations of SESI and Baytron Acquisition. The obligations of SESI and Baytron Acquisition to effect the Merger are subject to the satisfaction of the following conditions unless waived by SESI and Baytron Acquisition:

(a) The representations and warranties of Baytron and the Shareholders set forth in this Agreement shall be true and correct in all material respects as of the date of this Agreement and as of the Closing Date as though made on and as of the Closing Date, except as otherwise contemplated by this Agreement, and Baytron and the Shareholders shall have performed in all material respects all obligations required to be performed by them under this Agreement at or prior to the Closing Date.

(b) All consents and approvals of third parties necessary for consummation of the Merger shall have been obtained. Baytron shall have used its best efforts to obtain all necessary permits, authorizations, consents and approvals required by such Governmental Entities prior to the Closing Date.

(c) SESI and Baytron Acquisition shall have had a full opportunity to conduct inspections of the operating assets and books and records of Baytron.

(d) Baytron shall have provided SESI certified copies of its Articles of Incorporation and Bylaws and certificates of existence, good standing and qualification to do business as a foreign corporation, certified by the Secretary of State of the State of Louisiana.

(e) SESI shall have received a certificate of a duly authorized officer of Baytron, dated the Closing Date, certifying as to the incumbency of any person executing this Agreement or any certificate or other document delivered in connection with this Agreement and certifying as to such other matters as SESI shall reasonably request.

(f) Any and all changes made to the Disclosure Schedule or to the representations and warranties of Baytron and the Shareholders shall be satisfactory in all respects to SESI.

Section 7.3 Conditions to Obligations of Baytron and Shareholders. The obligations of Baytron and the Shareholders to effect the Merger are subject to the satisfaction for the

following conditions, unless waived by Baytron and all of the Shareholders:

(a) The representations and warranties of SESI and Baytron Acquisition set forth in this Agreement shall be true and correct in all material respects as of the date of this Agreement and as of the Closing Date as though made on and as of the Closing Date, except as otherwise contemplated by this Agreement, and SESI and Baytron Acquisition shall have performed in all material respects all obligations required to be performed by them under this Agreement at or prior to the Closing Date.

(b) Baytron and the Shareholders shall have received a certificate of a duly authorized officer of SESI and Baytron Acquisition, dated the Closing Date, and certifying as to the incumbency of any person executing this Agreement or any certificate or other document delivered in connection with this Agreement and certifying such other matters as Baytron or the Shareholders shall reasonably request.

ARTICLE 8 POST-CLOSING COVENANTS

Section 8.1 Bonus Pool. SESI will cause Baytron Acquisition following the Effective Time to establish an employee bonus pool for its employees for the 12 month periods ending July 31, 1997, 1998 and 1999 in accordance with this Section 8.1. If Baytron Acquisitions' income before bonus and income taxes as determined in accordance with generally accepted principles exceeds \$470,000, in any of these periods then a bonus pool of \$50,000 will be established for that year for the benefit of the Baytron Acquisition's employees to be allocated as determined by Jim or Judy Edwards.

Section 8.2 Motor Home. Prior to the Closing Date (a) Baytron shall cause the motor home it owns to be conveyed to Mr. Jim Edwards in such a manner so that following the Closing Baytron Acquisition will not recognize a loss for financial reporting purposes and (b) Mr. Edwards shall assume any obligations, including those related to indebtedness for borrowed money, related to the motor home.

Section 8.3 Location. SESI shall cause Baytron Acquisition for a period of three years from the Closing Date to maintain its principal executive office in the offices occupied by Baytron prior to the Effective Time and will continue to pay \$3,000 monthly rent pursuant to a lease agreement mutually satisfactory to the Shareholders and Baytron Acquisition.

Section 8.4 Registration and Repurchase Rights.

(a) Subject to Section 8.4(b) at any time after September 30, 1996, the Shareholders may, acting together, jointly request in writing that SESI effect the registration under the Securities Act of all or any part of the Registrable Shares owned by the Shareholders. If the Shareholders intend to distribute the Registrable Shares by means of an underwriting, they shall so advise SESI in their request. Thereupon, SESI shall, as expeditiously as possible, take such steps as are necessary to effect the registration of all Registrable Shares that SESI has been requested to so register. SESI shall be obligated to prepare and file at its expense one registration statement under the Securities Act pursuant to this Section 8.4(a); provided, however, that SESI may for up to a 90 day period defer filing a registration statement and from time to time suspend the ability of the Shareholders to resell Registrable Shares pursuant to such registration statement if

SESI reasonably concludes, after consultation with the Shareholders, that filing a registration statement or updating the prospectus contained therein would (i) interfere with or adversely affect the negotiation or completion of any transaction that is being contemplated by SESI at the time the right to delay is exercised or (ii) involve an initial or continuing disclosure obligation that would not be in the best interest of SESI's stockholders. If at any time SESI defers filing a registration statement or suspends the ability to sell the Registrable Shares pursuant to such registration statement, SESI shall use its best efforts to file such registration statement or permit resales of Registrable Shares pursuant to such registration statement as soon as thereafter as practicable; provided, however, that the foregoing shall not require SESI to alter its actions with respect to any pending corporate developments or business transactions of the nature described in clauses (i) and (ii) above.

(b) If the Shareholders request that SESI effect the registration of Registrable Shares pursuant to Section 8.4(a), then SESI shall in lieu of proceeding with filing a registration statement have the option exercisable within 5 business days of receipt of such request to purchase all or any portion of the Registrable Shares requested to be registered pursuant to Section 8.4(a) for the Exercise Price upon the terms and conditions stated in this Section 8.4(b). This option may be exercised any number of times and from time to time for all or a portion of the Registrable Shares requested to be registered pursuant to Section 8.4(a). This option may be exercised by giving written notice to the Shareholders, which notice shall state (i) the number of Registrable Shares to be purchased, (ii) the aggregate Exercise Price for such Registrable Shares and (iii) the date specified for the closing of such purchase, which date shall not be more than 10 days after giving such notice.

(c) If SESI declines to take the steps necessary to effect the registration of Registrable Shares requested by the Shareholders or suspends the ability of the Shareholders to resell Registrable Shares pursuant to such registration statement pursuant to Section 8.4(a) because of pending corporate developments or business transactions of the nature described in clauses (i) and (ii) thereof, then the Shareholders shall have the right upon each such occurrence to require that SESI repurchase up to 100,000 of the Registrable Shares for the Exercise Price. This right may be exercised by giving written notice to SESI, which notice shall state (i) the number of Registrable Shares to be sold to SESI, (ii) the aggregate Exercise Price for such Registrable Shares and (iii) the date specified for the closing of such purchase, which date shall not be less than 10 days after giving such notice.

(d) Whenever SESI proposes to file a registration statement (other than pursuant to Section 8.4(a)) relating to SESI Common Stock proposed to be sold for SESI's account at any time and from time to time, it will, prior to such filing, given written notice to all Shareholders of its intention to do so and, upon the written request of a Shareholder or Shareholders given within 30 days after SESI provides such notice (which request shall state the intended method of disposition of such Registrable Shares), SESI shall use its best efforts to cause all Registrable Shares that SESI has been requested by such Shareholder or Shareholders to register to be registered under the Securities Act to the extent necessary to permit their sale or other disposition in accordance with the intended methods of distribution specified in the request of such Shareholder or Shareholders; provided that SESI shall have the right to postpone or withdraw any registration effected pursuant to this Section 8.4(d) without obligation to any Shareholder. In connection with

any offering under this Section 8.4(d) involving an underwriting, SESI shall not be required to include any Registrable Shares in such offering unless the holders thereof accept the terms of the underwriting as agreed upon between SESI and the underwriters selected by it (provided that such terms must be consistent with this Agreement), and then only in such quantity as will not, in the opinion of the underwriters, jeopardize the success of the offering by SESI. If in the opinion of the managing underwriter the registration of all, or part of, the Registrable Shares that the Shareholders have requested to be included would materially and adversely affect such public offering, then SESI shall be required to include in the underwriting only that number of Registrable Shares, if any, that the managing underwriter believes may be sold without causing such adverse effect.

(e) SESI will pay all the expenses incurred by SESI in complying with this Section 8.4, including, without limitation, all registration and filing fees, exchange listing fees, printing expenses, fees, and expenses of counsel for SESI, state "blue sky" fees and expenses, and the expense of any special audits incident to or required by any such registration, but excluding underwriting discounts, selling commissions, and the fees and expenses of selling Shareholders' own counsel.

(f) Each Shareholder agrees not to effect any public sale or distribution (including sales pursuant to Rule 144) of Registrable Shares during the seven (7) days prior to (provided that such Shareholders receive a notice from SESI of a commencement of such 7-day period) and up to a 180-day period beginning on the effective date of any underwritten registration effected pursuant to Section 8.4(a) or any registration effected pursuant to Section 8.4(d) in which Registrable Shares are included (except as part of such underwritten registration), that may be requested by the underwriters managing the public offering.

(g) If and whenever SESI is required by the provisions of this Agreement to use its best efforts to effect the registration of any of the Registrable Shares under the Securities Act, SESI shall file with the Securities and Exchange Commission a registration statement with respect to such Registrable Shares and use its best efforts to cause that registration statement to become and remain effective and any amendments and supplements to the registration statement and the prospectus included in the registration statement as may be necessary to keep the registration statement effective, in the case of a firm commitment underwritten public offering, until each underwriter has completed the distribution of all securities purchased by it and, in the case of any other offering, until the earlier of the sale of all Registrable Shares covered thereby or 90 days after the effective date thereof.

(h) Each holder of Registrable Shares included in any registration shall furnish to SESI such information regarding such holder and the distribution proposed by such holder as SESI may request in writing and as shall be required in connection with any registration, qualification or compliance referred to in this Section 8.4.

(i) SESI agrees to:

(i) comply with the requirements of Rule 144(c) under the Securities Act with respect to current public information about SESI;

(ii) use its best efforts to file with the Securities and Exchange Commission in a timely manner all reports and other documents required of SESI under the Securities Act and

the Exchange Act; and

(iii) furnish to any holder of Registrable Shares upon request (i) a written statement by SESI as to its compliance with the requirements of Rule 144(c) and the reporting requirements of the Securities Act and the Exchange Act, (ii) a copy of the most recent annual or quarterly report of SESI, and (iii) such other reports and documents of SESI as such holder may reasonably request to avail itself of any similar rule or regulation of the Securities and Exchange Commission allowing it to sell any such securities without registration.

ARTICLE 9
TERMINATION AND AMENDMENT

Section 9.1 Termination. This Agreement may be terminated and the Merger may be abandoned at any time prior to the Effective Time:

(a) by mutual consent of SESI and Baytron;

(b) by SESI or Baytron, if (a) there shall have been a material breach of any representation, warranty, covenant or agreement on the part of Baytron or the Shareholders or on the part of SESI or Baytron Acquisition, as the case maybe, which breach shall not have been cured prior to the earlier of (i) 10 days following notice of such breach and (ii) the Closing Date; or (b) any permanent injunction or other order of a court or other competent Governmental Entity preventing the consummation of the Merger shall have become final and nonappealable; or

(c) by SESI, Baytron or any Shareholder if the Merger shall not have been consummated on or before August 30, 1996; provided, that the right to terminate this Agreement under this Section 9.1(c) shall not be available to any party whose breach of its representations and warranties in this Agreement or whose failure to perform any of its covenants and agreements under this Agreement has resulted in the failure of the Merger to occur on or before such date.

Section 9.2 Effect of Termination. In the event of a termination of this Agreement by either Baytron or SESI as provided in Section 9.1, this Agreement shall forthwith become void and there shall be no liability or obligation under any provisions hereof on the part of SESI, Baytron Acquisition or Baytron or their respective officers, directors or stockholders, except (a) pursuant to the covenants and agreements contained in Section 11.1 and this Section 9.2 and (b) to the extent that such termination results from the willful material breach by a party hereto of any of its representations, warranties, covenants or agreements set forth in this Agreement, in which case the non-breaching party shall have a right to recover its damages caused thereby.

Section 9.3 Amendment. This Agreement may not be amended except by an instrument in writing signed by each of the parties hereto.

Section 9.4 Extension; Waiver. At any time prior to the Effective Time, the parties hereto may, in their respective sole discretion and to the extent legally allowed, (a) extend the time for the performance of any of the obligations or other acts of the other parties hereto; (b) waive any inaccuracies in the representations and warranties contained herein or in any document delivered pursuant thereto; and (c) waive compliance with any of the agreements or conditions contained herein. Any agreement on the part of a party hereto to any such extension or

waiver shall be valid only if set forth in a written instrument signed by or on behalf of such party.

ARTICLE 10
INDEMNIFICATION; REMEDIES

Section 10.1 Indemnification by Seller. Except as otherwise expressly provided in this Section 10 the Shareholders shall defend, indemnify and hold harmless SESI and each of SESI's officers, directors, employees, Affiliates, successors and assigns (SESI and such persons, collectively, "SESI's Indemnified Persons"), and shall reimburse SESI's Indemnified Persons, for, from and against each and every demand, claim, action, loss (which shall include any diminution in value), liability, judgment, damage, cost and expense (including, without limitation, interest, penalties, costs of preparation and investigation, and the reasonable fees, disbursements and expenses of attorneys, accountants and other professional advisors) (collectively, "Losses") imposed on or incurred by SESI's Indemnified Persons, directly or indirectly, relating to, resulting from or arising out of: (a) any inaccuracy in any representation or warranty of Seller in this Agreement or any certificate, document or other instrument delivered or to be delivered pursuant hereto in any respect whether or not SESI's Indemnified Persons relied thereon or had knowledge thereof or (b) any breach or nonperformance of any covenant, agreement or other obligation of Baytron or the Shareholders under this Agreement or any certificate, document or other instrument delivered or to be delivered pursuant hereto; provided, however, that, except for a knowing and intentional breach of any representation or warranty of Baytron and the Shareholders in this Agreement (as to which there shall be no Minimum Amount), Shareholders shall have no liability under Section 10.1(a) unless and until the aggregate of all Losses resulting therefrom exceeds \$25,000 (the "Shareholder's Minimum Amount"), in which event Seller shall be liable for all Losses in excess of Seller's Minimum Amount.

Section 10.2 Indemnification by SESI. Except as otherwise expressly provided in this Article 10, SESI shall defend, indemnify and hold harmless to Shareholders and each of the Shareholders' successors and assigns (Shareholder and such persons, collectively, "Shareholders' Indemnified Persons"), and shall reimburse Shareholders' Indemnified Persons for, from and against all Losses imposed on or incurred by Shareholders' Indemnified Persons, directly or indirectly, relating to, resulting from or arising out of: (a) any inaccuracy in any representation or warranty in any respect, whether or not Shareholders' Indemnified Persons relied thereon or had knowledge thereof, or (b) any breach or nonperformance of any covenant, agreement or other obligation of SESI under this Agreement or any certificate, document or other instrument delivered or to be delivered pursuant hereto; provided, however, that SESI shall have no liability under this Article 10 unless and until the aggregate of all Losses exceeds \$25,000 ("SESI Minimum Amount"), in which event SESI shall be liable for all Losses in excess of the SESI's Minimum Amount.

Section 10.3 Notice and Defense of Third Party Claims. If any third party demand, claim, action or proceeding shall be brought or asserted under this Article 10 against an indemnified party or any successor thereto (the "Indemnified Person") in respect of which indemnity may be sought under this Article 10 from an indemnifying person or any successor thereto (the "Indemnifying Person"), the Indemnified Person shall give prompt written notice thereof to the Indemnifying Person who shall have the right to assume its defense, including the hiring of counsel

reasonably satisfactory to the Indemnified Person and the payment of all expenses; except that any delay or failure to so notify the Indemnifying Person shall relieve the Indemnifying Person of its obligations under this Article 10 only to the extent, if at all, that it is prejudiced by reason of such delay or failure. The Indemnified Person shall have the right to employ separate counsel in any of the foregoing actions, claims or proceedings and to participate in the defense thereof, but the fees and expenses of such counsel shall be at the expense of the Indemnified Person unless both the Indemnified Person and the Indemnifying Person are named as parties and the Indemnified Person shall in good faith determine that representation by the same counsel is inappropriate. In the event that the Indemnifying Person, within ten days after notice of any such action or claim, does not assume the defense thereof, the Indemnified Person shall have the right to undertake the defense, compromise or settlement of such action, claim or proceeding for the account of the Indemnifying Person, subject to the right of the Indemnifying Person to assume the defense of such action, claim or proceeding with counsel reasonably satisfactory to the Indemnified Person at any time prior to the settlement, compromise or final determination thereof. Anything in this Article 10 to the contrary notwithstanding, the Indemnifying Person shall not, without the Indemnified Person's prior consent, settle or compromise any action or claim or consent to the entry of any judgment with respect to any action, claim or proceeding for anything other than money damages paid by the Indemnifying Person. The Indemnifying Person may, without the Indemnified Person's prior consent, settle or compromise any such action, claim or proceeding or consent to entry of any judgment with respect to any such action or claim that requires solely the payment of money damages by the Indemnifying Person and that includes as an unconditional term thereof the release by the claimant or the plaintiff of the Indemnified Person from all liability in respect of such action, claim or proceeding.

Section 11.4 Headings; Gender. When a reference is made in this Agreement to a section, exhibit or schedule, such reference shall be to a section, exhibit or schedule of this Agreement unless otherwise indicated. The table of contents and headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. All personal pronouns used in this Agreement shall include the other genders, whether used in the masculine, feminine or neuter gender, and the singular shall include the plural and vice versa, whenever and as often as may be appropriate.

Section 11.5 Entire Agreement; No Third Party Beneficiaries. This Agreement (including the documents, exhibits and instruments referred to herein) (a) constitutes the entire agreement and supersedes all prior agreements, and understandings and communications, both written and oral, among the parties with respect to the subject matter hereof, and (b) is not intended to confer upon any person other than the parties hereto any rights or remedies hereunder.

Section 11.6 Governing Law. This Agreement shall be governed and construed in accordance with the laws of the State of Louisiana without regard to any applicable principles of conflicts of law.

Section 11.7 Assignment. Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned by any of the parties hereto (whether by operation of law or otherwise) without the prior written consent of the other parties, except that Baytron Acquisition may assign any or all of Baytron Acquisition's rights, interests and obligations hereunder to SESI or to any wholly owned subsidiary of SESI. Subject to the preceding sentence, this Agreement will be binding upon, inure to the benefit of and be enforceable by the parties and their respective successors and assigns.

Section 11.8 Severability. If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by reason of any rule of law or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any adverse manner to either party. Upon such determination

that any term or other provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in an acceptable manner to the end that the transactions contemplated hereby are fulfilled to the extent possible, and in any case such term or provision shall be deemed amended to the extent necessary to make it no longer invalid, illegal or unenforceable.

Section 11.9 Counterparts. This Agreement may be executed in multiple counterparts, each of which shall be deemed an original and all of which taken together shall constitute one and the same document.

IN WITNESS WHEREOF, SESI, Baytron and the Shareholders have caused this Agreement to be signed themselves or by their respective duly authorized officers as of the date first written above.
